Greetings to all!

The Oregon Board of Massage Therapists is pleased to announce that beginning on September 1, 2021; the Board will begin delivering Initial and Renewed Massage Licenses by email in a digital format.

The Board recognized that the old "Paper License" in the mail process was not efficient for either our licensees or our staff. Once the licensee's application process is completed and approved, this new process will immediately email the license holder their Initial or Renewed license allowing the licensee to print the new license and display it accordingly. This will also save the growing cost of postage, licensure stock, and staff time; thus helping us keep expenses down and service fees stable.

It has always been required, and is now more important than ever that you keep your email address current with the Board and be sure to check your SPAM folder and allow our email communications to come through to your in-box.

The Board plans on expanding the digital delivery system to include sending out your renewal reminders by email in the not too distant future as well; providing timely delivery and saving even more time and expense.

Thank you for being a valuable part of this incredible profession as we continue to serve our clients and communities.

Sincerely,

Bob Ruark  
Executive Director
