

The League of Women Voters of Oregon (LWVOR) is a 100-year-old grassroots nonpartisan political organization that encourages informed and active participation in government. We envision Oregonians participating in a fully accessible, responsive, and transparent government to achieve the common good across rural/urban and party divides. We encourage respectful civil discourse. The League never supports or opposes any individual candidate or political party. We do advocate on policy issues. LWVOR Legislative Action is always based on advocacy positions formed through studies and member consensus. Please sign up for our legislative newsletter and follow our activities during the session at <http://lwvor.org/home/take-action/>.
