

Animal Diseases Reportable by Veterinarians

Reporting Requirements*

Report immediately by telephone upon clinical suspicion - (503) 986-4711

Report within 15 days via the ODA monitored disease reporting form
<https://oda.direct/diseases>

REPORTABLE DISEASES

Viral Diseases

Parasitic Diseases

-  Akabane
-  Bluetongue
-  Bovine Viral Diarrhea
-  Caprine Arthritis & Encephalitis
-  Crimean-Congo Hemorrhagic Fever
-  Enzootic Bovine Leukosis
-  Epizootic Hemorrhagic Disease
-  Equine Encephalitis Viruses (EEE, VEE, WEE)
-  Foot and Mouth Disease (FMD)
-  Infectious Bovine Rhinotracheitis/Infectious Pustular Vulvovaginitis
-  Influenza A Virus
-  Japanese Encephalitis
-  Lumpy Skin Disease
-  Maedi-Visna/Ovine Progressive Pneumonia
-  Malignant Catarrhal Fever
-  Nairobi Sheep Disease
-  Nipah Virus
-  Peste des Petits Ruminants

-  Porcine Reproductive and Respiratory Syndrome (PRRS)
-  Pseudorabies (Aujeszky's Disease)
-  Rabies
-  Rift Valley Fever
-  Rinderpest
-  Sheep Pox and Goat Pox
-  Swine Enteric Coronavirus Diseases (PEDv, PDCoV)
-  Swine Vesicular Disease
-  Transmissible Gastroenteritis
-  Vesicular Exanthema of Swine
-  Vesicular Stomatitis
-  West Nile Virus

Prion Diseases

-  Transmissible Spongiform Encephalopathies (BSE, CWD, Scrapie)

Fungal Diseases

-  Coccidioidomycosis/Valley Fever
-  Cryptococcosis
-  Systemic Fungal Diseases

-  Babesiosis
-  Cryptosporidiosis
-  Cysticercosis
-  Echinococcosis/Hydatidosis
-  Giardiasis
-  Leishmaniasis
-  Mange (*Sarcoptes scabiei* var *ovis*, *Choriptes bovis*, *Psoroptes ovis*, *Psoroptes cuniculi*, *Psorobia ovis*)
-  Mange (*Sarcoptes scabiei* variants that are not immediately reportable)
-  New World Screwworm
-  Old World Screwworm
-  Surra
-  Theileriosis
-  Toxoplasmosis
-  Trichinellosis
-  Trichomoniasis
-  Trypanosomosis (Tsetse-Transmitted)

*This is an abridged list of livestock diseases required by law to be reported by veterinarians. Oregon Administrative Rules (603-011-0214 - 603-011-0216) outline the complete lists of diseases of interest to the state and reporting requirements.

For more information on reportable animal diseases in all species visit the ODA webpages at: <https://oda.direct/diseases>

REPORTABLE DISEASES

Bacterial Diseases

-  Anaplasmosis (*Anaplasma marginale*, *A. centrale*)
-  Anthrax
-  Avian Chlamydiosis/Psittacosis
-  Bartonellosis/Cat Scratch Disease
-  Bovine Genital Campylobacteriosis
-  Bovine Tuberculosis
-  Brucellosis
-  Brucellosis in Sheep/Ovine Epididymitis
-  Campylobacter-associated Abortion
-  Contagious Agalactia
-  Contagious Bovine Pleuropneumonia
-  Contagious Caprine Pleuropneumonia
-  Enzootic Abortion of Ewes
-  Foothill Abortion in Cattle/Epizootic Bovine Abortion
-  Glanders
-  Heartwater
-  Hemorrhagic Septicemia
-  Johne's Disease/Paratuberculosis
-  Leptospirosis
-  Lyme Disease
-  Melioidosis
-  Ulcerative Lymphangitis/Caseous Lymphadenitis
-  Plague (*Yersinia pestis*)
-  Q Fever

-  *Salmonella Abortusovis*
-  *Streptococcus equi* subspecies *zooepidemicus*
-  Tularemia
-  Yersiniosis (*Yersinia enterocolitica*, *Y. pseudotuberculosis*)

Other

-  Any of the following abnormalities:
 - Any unidentified vesicular disease
 - Any exotic disease or foreign animal disease, even if only suspected
 - Any disease of unknown etiology exhibiting highly pathogenic or lethal effect
 - Any exotic vector (flies, fly larvae, mites, ticks)
 - Any disease, infection, or infestation in domestic or wild animals that is a threat to terrestrial animals, aquatic animals, or humans, and meets any one of the following criteria:
 - An unknown agent is causing disease in a herd, flock, or premises and has the potential to result in a significant animal or public health impact, and applied diagnostic tests have yielded negative or non-definitive results; or
 - A newly identified agent is causing disease in a herd, flock, or premises and has the potential to cause significant animal or public health impact, or is occurring in multiple herds, flocks, or premises; or
 - A previously identified or known pathogenic agent that has a change in epidemiology.
