

OREGON APPROVED INVERTEBRATE LIST

**OREGON
DEPARTMENT OF
AGRICULTURE**

Species Approved for Import into the State of Oregon

The following insects and other invertebrates are approved for use as pets, pet food, biological control agents, educational displays, and for release in Oregon. Note that shipment of some plant pests and some biological control agents across state lines requires a U.S. Department of Agriculture permit (form 526). If you have questions about invertebrates not on this list, check with the Oregon Department of Agriculture (Plant Programs), 635 Capitol Street N.E., Salem, OR 97301-2532, (503) 986-4636. You may view the official Oregon Administrative Rules online at <https://secure.sos.state.or.us/oard/viewSingleRule.action?ruleVrsnRsn=158460>
