The Oregon Department of Agriculture's (ODA) mission is to protect, promote, and prosper by safeguarding Oregon's agriculture, natural resources, working lands, economies, and communities through assistance, compliance and market support. The ODA provides a broad range of leadership, service, inspection, regulation, and market development functions to Oregon agriculture. ODA is committed to servicing the people of Oregon's needs through core values of being approachable, genuine, growth-oriented, inclusive, experts, and sustainable.
ODA unifies 38 programs operationalized by a \$190 million budget with 523 employees located across Oregon. ODA serves over 35,000 farms with an economic value of over \$16 billion, producing 225+ commodities grown for local, domestic, and international markets.

The Agriculture Services Division includes a group of closely intertwined programs that operate statewide to assist Oregon’s agricultural producers and businesses to successfully sell and ship products to local, national, and international markets. Programs also provide regulatory oversight, technical assistance, and grants supporting Oregon’s specialty crops. Agriculture Services Division programs include Certification, Livestock Identification, Plant Health, Produce Safety, Seed Regulatory, Shipping Point Inspection, Smoke Management, and Weights and Measures. Programs are funded mainly through user fees for services with some federal funds.

The Livestock Identification program provides brand inspection and brand recording services to the livestock industry to deter losses and help assist in disposition of estray livestock. These goals are accomplished through close working relationships with the industry, neighboring states and many local, state and federal agencies.
