**NEED FOR THE RULE(S)**

The Certification Program provides third-party audit services on behalf of the US Department of Agriculture (USDA). These audits verify on-farm compliance with food safety regulations, allowing farms to sell their products to markets. The Department has a Cooperative agreement in which it agrees to charge the fees established by the USDA. USDA has raised their fees for these services, requiring ODA to do the same.

**DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE**

Department statutes including ORS 603-053-0250, available at the Oregon State Legislature's website.

**STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE**

This rule increases inspection fees for Certification Program Services in alignment with federal requirements. The fee applies equally to all regulated entities and does not create or alter eligibility criteria or enforcement practices. Therefore, the rule is not anticipated to create disproportionate impacts on individuals or communities based on race.

However, ODA remains committed to monitoring the implementation of this rule to ensure that no unintended barriers are created for historically underserved producers or businesses.

**FISCAL AND ECONOMIC IMPACT:**

This fee increase raises the hourly price required to be by \$8/hour for all participating businesses.

**COST OF COMPLIANCE:**

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost

c. We do not anticipate increased cost in these areas.

---

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

The department is required to stay in compliance with the federal fees. USDA increased their hourly rates for third-party audits, and we were informed. No small businesses were involved in this change.

---

WAS AN ADMINISTRATIVE RULE ADVISORY COMMITTEE CONSULTED? NO IF NOT, WHY NOT?

No. This fee increase is mandated as per our agreement with the United States Department of Agriculture in order for ODA to offer their third-party food safety audit services. We are required to adjust our fees when they adjust theirs.
