

**Rules Governing  
Agricultural Activities in the Lower Umatilla  
Groundwater Management Area**

**Rules Advisory Committee Meeting #4**

**June 26, 2025**

**10:30 a.m. – 12:00 p.m.**

- A. Welcome and introduction to new ODA team member
- B. Large Irrigated Acreage Discussion Continued
  - 1. XX10 Changes to Annual Nitrogen Budget Contents
  - 2. XX11 Post Harvest Summary Records
  - 3. XX12 Annual Nitrogen Budget Evaluation
    - i. Adaptive Management Measures
  - 4. XX14 Certification
- C. RAC Comments: If we have time, we can go over the edits that have been made to the rules thus far based on RAC comments received.
- D. Looking ahead to the last two RAC meetings: We will be discussing the fiscal impact of the proposed rules in RAC #6. In preparation for that discussion, please start thinking about:
  - 1. Economic impact of the rules, including the cost of compliance. Please think about what equipment supplies, labor and increased administration may be required for compliance with the proposed rules.
