Subject: Notice of FIFRA Sec 24(c) SLN Cancellations
SLN Nos.: **OR-090007, OR-090008, OR-090009,
OR-090010, OR-090011, OR-090012, OR-090013**
Product: Lorsban Advanced
EPA Reg. No.: 62719-591
Registrant: Dow AgroSciences, LLC
Active Ingredient: Chlorpyrifos

Dear Ms. Gaines:

The above-mentioned Special Local Need (SLN) registrations issued under Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, have been voluntarily cancelled by the registrant. All seven SLNs were issued to Dow AgroSciences, LLC (now Corteva Agriscience, LLC) to authorize additional uses of Lorsban Advanced (EPA Reg. No. 62719-591, chlorpyrifos). The uses that were authorized under these SLNs are summarized below:

SLN No.	Site(s)	Pest(s)
OR-090007	Table beets grown for seed; sugar beets grown for seed; Swiss chard grown for seed	Garden symphylan
OR-090008	Christmas trees (SLN issued to allow aerial application April 1 through June 15)	Listed insects (various)
OR-090009	Perennial grasses grown for seed	Aphid, cranberry girdler, cutworm, orchardgrass billbug, sod webworm
OR-090010	Clover grown for seed	Aphid, armyworm, cutworm, Lygus bug, spittlebug, garden symphylan, weevil
OR-090011	Carrots grown for seed	Cutworm, Lygus bug
OR-090012	Radishes grown for seed	Cutworm
OR-090013	Cottonwood and poplar trees grown for pulp or wood	Listed insects (various)

October 31, 2023

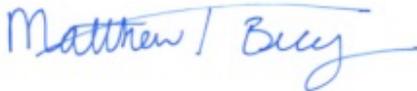

Page 2 of 2

The federal registration for Lorsban Advanced (EPA Reg. No. 62719-591) was voluntarily cancelled on May 4, 2023 (88 FR 28541). The purpose of this letter is to cancel all Oregon SLNs for Lorsban Advanced. As a result of this action, there are no longer any chlorpyrifos SLNs active in the State of Oregon.

All seven SLNs were non-food/non-feed uses and were therefore not affected by the expiration of chlorpyrifos tolerances on February 28, 2022. The uses on crops grown for seed were considered non-food/non-feed due to Oregon Administrative Rule 603-057-0535 Pesticide Use on Crops Grown for Seed. The Special Crop Use Restrictions section on the SLN labels was reflective of this rule and its requirements. These labels were initially set to expire on December 31, 2023, in accordance with OAR 603-057-0545 Limitations on Pesticide Products Containing Chlorpyrifos. However, these SLNs are now cancelled as of the date of this letter.

The registrant has requested to waive the 180-day comment period in the Federal Register. A copy of the registrant's cancellation request is enclosed for your records. If you have any questions, please contact me by email at matthew.bucy@oda.oregon.gov or by phone at 971-388-8212.

Sincerely,

Matthew T. Bucy
