Pesticide Advisory

Alert –

0.5-0.5-1 Pure Blend Tea Organic Based Compost Solution, lot # N 10 07 1, by Botanicare, contains salicylic acid

September 18, 2018

The Oregon Department of Agriculture (ODA) has reason to believe that

Lot # N 10 07 1 of the product 0.5-0.5-1 Pure Blend Tea Organic Based Compost Solution, manufactured by Botanicare, contains a pesticide active ingredient, salicylic acid, not listed on the label. This advisory is based on laboratory testing and confirmation of the undeclared pesticide active ingredient.

Growers of all crops and retailers are advised to discontinue using or selling 0.5-0.5-1 Pure Blend Tea Organic Based Compost Solution, lot N 10 07 1, until further notice. The Department has issued a statewide Stop, Sale or Removal Order and is working with the manufacturer to rectify the situation.

For additional information or questions, please contact ODA at (503) 986-4635, email pestx@oda.state.or.us or visit our website at:
