### **Pesticide Advisory**

#### **Alert – Ecomight, LLC, Ecomight-Pro, contains glyphosate, permethrin and bifenthrin**

January 14, 2022

The Oregon Department of Agriculture (ODA) has reason to believe the product Ecomight-Pro Weed & Grass Killer, manufactured by Ecomight LLC and marketed as being organic, contains pesticide active ingredients, glyphosate, permethrin and bifenthrin, not listed on the label. This advisory is based on laboratory testing and confirmation of undeclared pesticide active ingredient/s.

Growers of all crops and retailers are advised to discontinue using or selling Ecomight-Pro until further notice. The Department has issued a statewide Stop, Sale or Removal Order and is working with the manufacturer to rectify the situation.

For additional information or questions, please contact ODA at 503.986.4635, email [pesticide-expert@oda.oregon.gov](mailto:pesticide-expert@oda.oregon.gov) or visit our website at: <https://oda.direct/PesticidesCurrentIssues>.
