Pesticide Advisory

Alert – Green Planet Nutrients, 0.0083-0.011-0.0505 Finisher, by H.I.T. Manufacturing, contains salicylic acid

August 24, 2017

The Oregon Department of Agriculture (ODA) has reason to believe the product Green Planet Nutrients, 0.0083-0.011-0.0505 Finisher, manufactured by H.I.T. Manufacturing, contains a pesticide active ingredient, salicylic acid, not listed on the label. This advisory is based on laboratory testing and confirmation of undeclared pesticide active ingredients.

Growers of all crops and retailers are advised to discontinue using or selling Green Planet Nutrients, 0.0083-0.011-0.0505 Finisher until further notice. The Department has issued a statewide Stop, Sale or Removal Order and is working with the manufacturer to rectify the situation.

For additional information or questions, please contact ODA at (503) 986-4635, email pestx@oda.state.or.us or visit our website at: <http://www.oregon.gov/ODA/programs/Pesticides/Pages/CannabisPesticides.aspx>
