Pesticide Advisory

Alert – Vegamatrix, 1-0-1 boost CaMg (w/ Polysacharides), by Pure Life Veganix, contains salicylic acid

August 24, 2017

The Oregon Department of Agriculture (ODA) has reason to believe the product Vegamatrix, 1-0-1 boost CaMg (w/ Polysacharides), manufactured by Pure Life Veganix, contains a pesticide active ingredient, salicylic acid, not listed on the label. This advisory is based on laboratory testing and confirmation of undeclared pesticide active ingredients.

Growers of all crops and retailers are advised to discontinue using or selling Vegamatrix, 1-0-1 boost CaMg (w/ Polysacharides) until further notice. The Department has issued a statewide Stop, Sale or Removal Order and is working with the manufacturer to rectify the situation.

For additional information or questions, please contact ODA at (503) 986-4635, email pestx@oda.state.or.us or visit our website at: <http://www.oregon.gov/ODA/programs/Pesticides/Pages/CannabisPesticides.aspx>
