

Pesticide Advisory

Alert – NPK Industries Mighty Wash and Ultimate Wash products contain pyrethrins

June 16, 2016

The Oregon Department of Agriculture (ODA) has reason to believe the products Mighty Wash and Ultimate Wash, manufactured by NPK Industries, contain a pesticide active ingredient not listed on the label. ODA has tested both products and found it to contain the active ingredient pyrethrins.

Use of Mighty Wash and Ultimate Wash could cause cannabis to fail Oregon Health Authority (OHA) pesticide testing requirements. Growers of all crops and retailers are advised to discontinue using or selling Mighty Wash and Ultimate Wash until further notice.

For additional information or questions, please contact ODA at (503) 986-4635 or email pestx@oda.state.or.us
