OREGON VETERINARIAN
INFORMATION SYSTEM

Online application for creation of electronic Certificates of Veterinary Inspection
The OVIS online app created by the Oregon Department of Agriculture is available free of charge for use by accredited veterinarians. The app is available for use online at https://oda.direct/OVIS. Help videos and additional materials are available at https://oda.direct/OVISHelp

Get started:

1. Go online
- https://oda.direct/OVIS
- OVIS supports the following browsers:
    - Chrome
    - Edge
    - Internet Explorer
    - Safari

2. Create an account
- Each accredited veterinarian must create an account for his or her use. The process only takes a few minutes. Veterinarians may create authorized accounts for clinic staff.

3. Wait for approval
- The Oregon State Veterinarian's office will approve accounts within 1-2 business days.

4. Create Authorized Users
- Authorized users can use OVIS on the veterinarian's behalf but are unable to e-sign certificates.

5. Use the app
- Using the app, veterinarians can create:
    - Equine Six-Month Certificates of Veterinary Inspection & Activation Numbers
    - Small & Large Animal Certificates of Veterinary Inspection
    - Brucellosis Vaccination Records
    - Tuberculosis Test Records
    - Official Identification Reports
    - Veterinarian Supplies Orders
