

U-Pick/Agricultural Tourism Farm Guidance during the COVID-19 Pandemic

This guidance was updated June of 2021 as a reference guide to help Oregon's U-Pick, direct sales, and agricultural tourism farms during COVID-19.

Can U-Pick farms and agricultural tourism operate during the COVID-19 pandemic? Yes.

U-Pick and agritourism operations must follow the Governor's Executive Orders, [OR-OSHA Infectious Disease Rule](#), and the [Oregon Health Authority \(OHA\) Retail Guidance](#) to operate safely. All businesses, including U-Pick, direct sales, and agricultural tourism farms, must follow the permissible activities and capacity depending on their county's risk level. Check [OHA County Risk Level](#) and the [Risk Level Guidance Chart](#) for regular updates.

OUTDOOR ON-FARM GUIDANCE

- **Face coverings on-farm:** Customers and employees are not required to use a mask or face covering while outdoors. For additional details follow the [OHA Statewide Mask and Face Covering Guidance](#).
 - Businesses may require stricter mask policies for both customers and employees.
- **Capacity Limits:** Check [OHA County Risk Level](#) to determine applicable capacity

INDOOR ON-FARM GUIDANCE

- **Face coverings on-farm:** Customers and employees are required to use a mask or face covering while indoors unless vaccine verification is conducted. For additional details follow the [OHA Statewide Mask and Face Covering Guidance](#).
 - Businesses may implement a vaccine verification policy under [Interim Guidance for Fully Vaccinated Individuals](#)
- **Capacity Limits:** Check [OHA County Risk Level](#) to determine applicable capacity
- **Food and Beverage:** For operations that provide food and beverage services, implement the [allowed practices](#) based on your county risk, and OHA's [Eating and Drinking Establishment](#) guidance.
