## Overview of Services

### Top 10 Tools® by 95 Percent Group (45 hours)

Compact and comprehensive, Top 10 Tools immerses educators in the science of reading research. Educators learn about current developments in literacy education as well as evidence-aligned instruction strategies they can immediately implement in the classroom. This professional learning experience, segmented into 10 easy-to-use-tools, is aligned with IDA Knowledge and Practice Standards for Teachers of Reading.

### Top 10 Tools® by 95 Percent Group IDA (75 hours)

Ideal for educators looking to demonstrate their proficiency in structured literacy, Top 10 Tools IDA prepares participants for the KPEERI exam. This pathway includes the standard course along with 30 additional hours of required reading and writing assignments. Each participant is paired with a credentialed instructional coach for support and deeper understanding of the content.

### 95 Foundational Tools™ (10 hours)

A subset of Top 10 Tools, 95 Foundational Tools equips paraprofessionals, tutors, interventionists, volunteers, and other literacy support staff with the core, evidence-based knowledge, and practices of the science of reading.

- Top 10 Tools, 1 Year Rolling Subscription, Extension Renewal (CB1703), Digital Subscription, \$275.95
- Foundational Tools, Per Teacher, 6 Months of Access (CB1704), Digital Subscription, \$199

## Alignment to Oregon's Early Literacy Framework

Top 10 Tools by 95 Percent Group align with Oregon's Early Literacy Framework by emphasizing key foundational skills: phonemic awareness, phonics, vocabulary, and comprehension. The course integrates culturally responsive strategies for English learners and fosters inclusive learning environments. It highlights the role of assessment screening, diagnostics, and progress monitoring to inform instruction. Educator capacity is strengthened through structured, product-agnostic literacy training, including tools like the Explicit Teaching Behaviors Checklist and guidance for effective Professional Learning Communities (PLCs).

## Evidence of Impact

Top 10 Tools by 95 Percent Group supports their mission by equipping educators with the knowledge, resources, and support needed to build strong readers. Grounded in decades of literacy expertise, our instructional and professional learning tools empower educators to confidently implement structured literacy and drive student success.

**Bozeman Public Schools (Montana):** Top 10 Tools transformed literacy outcomes in Bozeman Public Schools by deepening teacher understanding of Science of Reading principles. The district saw increased student proficiency and reduced need for Tier 2 and Tier 3 interventions. Teachers gained the ability to identify skill gaps and deliver targeted instruction, moving away from ineffective balanced literacy approaches. This comprehensive professional development fostered consistent, research-based practices that improved reading outcomes for all students.

**Marietta City Schools (Georgia):** In Marietta City Schools, Top 10 Tools significantly boosted literacy achievement by building teacher expertise across all staff levels. At A.L. Burruss Elementary, 3rd grade reading proficiency rose from 35% to 62%, marking the second-highest growth in the state. West Side Elementary reached 82% proficiency, with 95% of students reading at or above grade level—ranking in the top 15 statewide. Systematic professional development enabled teachers to meet diverse student needs through evidence-based structured literacy instruction.

**Ed Clapp Elementary (Fargo Public Schools, North Dakota):** Top 10 Tools dramatically improved literacy outcomes at Ed Clapp Elementary by strengthening Tier 1 instruction, nearly eliminating the need for Tier 2 interventions and reducing Tier 3 needs from 33% to minimal levels. Teachers developed expertise in diagnostic tools and data-driven instruction, allowing for precise identification of skill gaps and targeted support. The professional development established a unified foundation in Science of Reading principles across the school.
