

2019 Student Investment Account List of Eligible Public Charter School Applicants

Public Charter Schools Eligible to Apply Directly for Student Investment Account Grants

Non-virtual public charter schools that meet specific criteria are eligible to apply for Student Investment Account (SIA) funding under the Student Success Act (SSA)¹. These public charter schools must have a student population of which at least 35% of the student population is composed from the following student groups:

1. Economically disadvantaged students who are eligible for free or reduced price lunches under the United States Department of Agriculture's current Income Eligibility Guidelines²;
2. Racial or ethnic groups that have historically experienced academic disparities including American Indian/Alaska Native, Black/African American students, Hispanic/Latino, and Native Hawaiian/Pacific Islander³; or
3. Students with disabilities who have an Individualized Education Program (IEP)⁴.

In addition to the public charter school having at least 35% of their student population made up of the above student groups, for any percentage used to calculate the charter school's qualifying percentage, the charter school's percentage must be greater than the district's percentage in the same category.

Attached is a list of the public charter schools and the respective data used for the eligibility calculations. Data used to determine which public charter schools are eligible to submit a 2020 SIA Application is from the 2018-19 Spring Membership Report and derived from the 3rd period cumulative average daily membership collection. Only the public charter schools on this list are eligible to submit an SIA Application directly to the Department in the spring of 2020.

Required Notice of Intent to Apply for an SIA Grant

Eligible charter schools interested in applying directly for an SIA grant must give notice to the district in which they are located and to the Department of Education⁵. If an eligible public charter school provides notice of intent and does submit a SIA Application, the ADMw attributed to that charter school will be removed from the district's SIA grant allocation⁶. The Department requests public charter schools give this notice by Friday, November 15, 2019. Notice should be provided in writing and emailed to Kate Pattison at kate.pattison@state.or.us.
