

EIS: Foundations for Student Success - Learning Opportunity for Schools and Districts

Well suited for school and district teams in all stages of EIS implementation, this series will provide participants with resources and skills to expand and deepen student success systems. Throughout the series, participants will explore the mindsets that align with a positive youth development approach to understanding students’ needs, understand and apply an equity lens to student data, reflect on the components of their current system, and develop plans for implementation.

EIS: Foundations for Student Success -- Fall 2023 Cohort			
Five virtual, synchronous group learning sessions facilitated by Education NW and FHI360		Seven team learning activities that guide reflection on the strengths of your current systems, support planning	Up to six hours of consultation and collaboration with facilitators for team to develop materials to strengthen systems within their school and district
Synchronous Virtual Session	Week of		
1	10/2/2023	<ul style="list-style-type: none"> All sessions are virtual. Districts and schools are encouraged to have four to six person teams of teachers and leaders participate in the series to build a common foundation to initiate or enhance EIS. Synchronous sessions from 4:00 to 5:30 PM. Session 1 from 4:00 to 6:00 PM. The specific day of the week for the synchronous session determined by the preferences of the participants. Schools and districts will complete team learning activities between synchronous sessions. Each learning group will be between 20 and 50 participants. There may be more than one group per cohort, depending on registration. <i>This series will repeat in Winter and Spring 2024.</i>
