

## TECHNICAL INSTALLATION

# Setting up your ODE Equity Modules in Canvas

---

There are **four steps** to setting up your Equity Module in Canvas.

- Steps 1-3 pertain to the technical configuration. Use this [video for tips](#) on setting up a new sub-account, configuring the theme, and linking the CSS file.
- Step 4 requires a learning design decision. Please be sure to review Step 4 at the bottom.

## TECHNICAL INSTALLATION

### Step 1: Configure the Theme for your Sub-Account

CONFIGURE GLOBAL BRANDING	CONFIGURE GLOBAL NAVIGATION
<p>Edit   Upload</p> <hr/> <p><b>Global Branding</b> <span>▼</span></p> <p>Primary Brand Color <input type="text" value="#178389"/> </p> <p>Main Text Color <input type="text" value="#2D3B45"/> </p> <p>Link Color <input type="text" value="#178389"/> </p> <p>Primary Button <input type="text" value="#178389"/> </p> <p>Primary Button Text <input type="text" value="#ffffff"/> </p> <p>Secondary Button <input type="text" value="#c78fb8"/> </p> <p>Secondary Button Text <input type="text" value="#5b095d"/> </p> <p><b>Global Navigation</b> <span>▲</span></p> <p><b>Watermarks &amp; Other Images</b> <span>▲</span></p> <p><b>Login Screen</b> <span>▲</span></p> <hr/>	<p>Edit   Upload</p> <hr/> <p><b>Global Branding</b> <span>▲</span></p> <p><b>Global Navigation</b> <span>▼</span></p> <p>Nav Background <input type="text" value="#E5E5D8"/> </p> <p>Nav Icon <input type="text" value="#666666"/> </p> <p>Nav Icon Active <input type="text" value="#666666"/> </p> <p>Nav Text <input type="text" value="#666666"/> </p> <p>Nav Text Active <input type="text" value="#666666"/> </p> <p>Nav Avatar Border <input type="text" value="#949494"/> </p> <p>Nav Badge <input type="text" value="#ffd270"/> </p> <p>Nav Badge Active <input type="text" value="#178389"/> </p> <p>Nav Badge Text <input type="text" value="#000"/> </p> <p>Nav Badge Text Active <input type="text" value="#ffffff"/> </p> <p>Nav Logo Background <input type="text" value="#E5E5D8"/> </p>

## TECHNICAL INSTALLATION

### Step 2: Upload the Logo & the CSS Redirect File

UPLOAD LOGO TO YOUR THEME	SUBMIT CSS REDIRECT FILE
<ol style="list-style-type: none"> <li>Download <a href="#">the logo</a>.</li> <li>Scroll down the Global Branding list above until you see Nav Logo.</li> <li>Click on “Select Image” and you can upload the logo that you just downloaded</li> </ol> <div style="display: flex; flex-direction: column; gap: 10px;"> <div> <p>Nav Avatar Border</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#949494"/> <div style="width: 20px; height: 20px; background-color: #949494; margin-left: 5px;"></div> </div> </div> <div> <p>Nav Badge</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#ffd270"/> <div style="width: 20px; height: 20px; background-color: #ffd270; margin-left: 5px;"></div> </div> </div> <div> <p>Nav Badge Active</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#178389"/> <div style="width: 20px; height: 20px; background-color: #178389; margin-left: 5px;"></div> </div> </div> <div> <p>Nav Badge Text</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#000"/> <div style="width: 20px; height: 20px; background-color: #000; margin-left: 5px;"></div> </div> </div> <div> <p>Nav Badge Text Active</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#ffffff"/> <div style="width: 20px; height: 20px; background-color: #ffffff; margin-left: 5px;"></div> </div> </div> <div> <p>Nav Logo Background</p> <div style="display: flex; align-items: center;"> <input style="width: 80px;" type="text" value="#E5E5D8"/> <div style="width: 20px; height: 20px; background-color: #E5E5D8; margin-left: 5px;"></div> </div> </div> <div style="margin-top: 10px;"> <p>Nav Logo</p> <p><i>Accepted formats: svg, png, jpg, gif</i></p> <div style="border: 1px solid #ccc; padding: 10px; text-align: center; margin: 10px 0;">  </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <span>Select Image</span> <span>Use Default</span> </div> </div> </div>	<ol style="list-style-type: none"> <li>Download <a href="#">the CSS Redirect file</a></li> <li>Click on the Upload button at the top of the screen. Look for the option to “Select a CSS File” and select the file you just downloaded.</li> </ol> <div style="display: flex; justify-content: space-around; margin-top: 20px;"> <span>Edit</span> <span style="border-bottom: 2px solid #007060; padding-bottom: 2px;">Upload</span> </div> <hr style="border: 0.5px solid #ccc; margin: 10px 0;"/> <p><span style="color: #e85c33;">!</span> Custom CSS and Javascript may cause accessibility issues or conflicts with future Canvas updates!</p> <p style="margin-top: 20px;">Before implementing custom CSS or Javascript, please refer to <a href="#">our documentation</a>.</p> <hr style="border: 0.5px solid #ccc; margin: 10px 0;"/> <p>File(s) will be included on all pages in the Canvas desktop application.</p> <div style="margin-top: 20px;"> <p><b>CSS file</b></p> <div style="display: flex; align-items: center; border: 1px solid #ccc; padding: 5px;"> <div style="width: 40px; height: 40px; border: 1px solid #007060; display: flex; align-items: center; justify-content: center; margin-right: 10px;">↻</div> <input style="flex-grow: 1;" type="text"/> <div style="border: 1px solid #ccc; padding: 5px 10px; margin-left: 10px;">Select</div> </div> </div>

## TECHNICAL INSTALLATION

### Step 3: Download Course & Import into your Instance of Canvas

1. Download the selected cluster:

[Download Cluster 1](#)

[Download Cluster 2](#)

- a. [How do I import a Canvas course export package?](#) (if needed)
2. Don't forget to associate your Canvas course with the Sub-Account you created above

### Step 4: Define Community Interactions

Community Wall/Discussion Activities are placed throughout the learning series to enable learners to share insights and perspectives with their peers which we think will support a broader and deeper understanding of issues in each module. In order to offer maximum design flexibility, there are two versions of each interactive activity.

**Cluster 1:** There are five Community Wall/Discussion Activities: 0.2, 1.8, 2.7, 3.8, & 4.8.

**Cluster 2:** There are five Community Wall/Discussion Activities: 0.2, 2.3, 2.7, 3.3, & 4.8.

**Please choose the version that makes the most sense  
for your learning cohort.**

The first version will have instructions on how to use Padlet or some other tool that you might decide to use, and the second version will have a Canvas Discussion that relies on the Discussion feature in the platform.

**Cluster 1:** The first pages are 0.2, 1.8, 2.7, 3.8, & 4.8 (Padlet or other tool) and the second pages are 0.2a, 1.8a, 2.7a, 3.8a, 4.8a (Canvas Discussion feature).

**Cluster 2:** The first pages are 0.2, 2.3, 2.7, 3.3, & 4.8. (Padlet or other tool) and the second pages are 0.2a, 2.3a, 2.7a, 3.3a, & 4.8a.

Please be sure to remove the activities that you will not be using from each module.
