Agenda**PROPOSED/AMENDED RULE SUMMARY:**

Changes the criteria for demonstrating proficiency in reading and writing Essential Skills in the student's language of origin to allow students through end of high school to demonstrate English language skills. Changes the location for posting notifications of assessment options to the Essential Skills and Local Performance Assessment Manual. Removes requirement that assessment options are posted by March 1 of each year.

BACKGROUND:

OAR 581-22-0617, established in 2010, requires school districts to develop a policy about whether to allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills in the students' language of origin. School districts that adopt a policy allowing ELL students to demonstrate proficiency in the students' language of origin must develop procedures to provide the assessments with language accommodations and to ensure that the locally scored assessment options administered in the ELL student's language of origin are scored by a qualified rater.

In order to demonstrate proficiency in the math Essential Skill in the students' language of origin, students must be on track to meet all other graduation requirements and be unable to demonstrate proficiency in English. In order for the student to demonstrate proficiency in the reading and writing Essential Skill (or in any Essential Skill other than math) in the students' language of origin, students must be on track to meet all other graduation requirements, be unable to demonstrate proficiency in English, and have demonstrated sufficient English language skills using an English language proficiency assessment option.

Currently, students who arrive in the U.S. during their senior year are not eligible to meet the criteria for demonstrating proficiency in their language of origin and thus are not eligible to receive this accommodation. ODE is submitting this revision to OAR 581-22-0617 to increase access to this accommodation by allowing students more time to fulfill the eligibility criteria. Additionally, the Essential Skills and Local Performance Assessment Manual governs Essential Skills policies so the proposed revision to OAR 581-22-0617 to post approved assessment options in the Essential Skills and Local Performance Assessment Manual allows for Essential Skills policy information to be posted in one place.

Finally, removing the requirement that assessment options are posted by March 1 of each year allows for the Oregon Department of Education to notify districts of assessment options as they are approved by the State Board and this can make the assessment options available for student use more quickly.
