

# Streamlined Reports & Grant Consolidation

ODE is spearheading a statewide shift to simplify how it collects information from school districts and align grant reporting more closely with student success priorities. The goal is to reduce administrative burden so districts and schools can focus more on students.

## CURRENT STATE

126

Number of state and federal grants administered by ODE.

93

Number of ODE contacts working with school districts.

250

Number of narrative questions districts had to respond to in 2024.

57

Number of ODE assurances districts had to respond to in 2024.

46

Number of submission methods ODE asks school districts to use.

365

Number of days per year that make up a submission window.

## FUTURE STATE

1

**One form, one budget, and one submission for most grants.**  
ODE has launched a pilot project with 34 school districts to develop and test a unified reporting process.

## Key Milestones

### 2025-26 School Year

- Launch pilot with 34 districts.
- Pilot districts will provide key input as ODE develops a unified reporting process.

### 2026-27 School Year

- Pilot districts will complete a unified grant application and budget, and ODE will use feedback from the pilot to refine and improve the process.

### 2027-28 School Year

- All Oregon school districts will follow the streamlined process.
