Standards Resource Available For Alt ELPA

An [ELP Standards for Alternate Instruction and Assessment](#) resource has been added to the [ELP Assessment page](#), in the Alt ELPA Resources pulldown.

This document details how Oregon’s adopted [English Language Proficiency \(ELP\) standards](#) apply for students eligible to participate in the Alt ELPA. It contains information about students experiencing the most significant cognitive disabilities, and describes levels of proficiency for each standard with examples specific to this student population. The performance expectations described in this document have been modified in depth, breadth, and complexity from performance expectations described in the ELP standards. This resource was previously available via a link in the [Alt ELPA User Guide](#), but now can be accessed directly through the link above.

Contact [Mason Rivers](#), Special Education Assessment Specialist, with questions regarding the Alt ELPA.
