SMARTER BALANCED

Smarter Balanced Scoring Rules

ODE revised the participation rule for the 2015-16 administration of Smarter Balanced English Language Arts and Mathematics assessments: students are considered participants if they respond to at least five CAT items or at least one PT item. Students who do not meet this threshold will be considered non-participants.

ODE has reviewed the scoring rules for Smarter Balanced assessments, and has determined that **all students who have responded to at least five CAT items AND at least one PT item will receive a score and a performance level**. Students who are participants but did not respond to a sufficient number of items to receive a score will be assigned a performance level of 1, with no score.

Please note that all participants who meet inclusion rules for accountability reports will be included in achievement calculations. Students who meet participation requirements, but not scoring requirements will be counted as not proficient in those calculations. If you have questions, please contact Jon Wiens at jon.wiens@state.or.us or 503-947-5764.
