High School Entry Year Appeals for Students First Entering High School After March 13, 2020

REPEAT

The High School Entry Year (HSEY) is the first school year in which the student attended any high school grade in the United States or elsewhere. For most students, the HSEY is their first year as a 9th grader. All students who are, or have been, enrolled in grade 9 or above must be identified with a HSEY for the cohort graduation calculations. The HSEY for students who enter the 9th grade or higher for the first time after March 13, 2020 may be appealed for students repeating their grade for the 2020-21 school year.

Find additional information in the [HSEY Guidance](#). Once a HSEY has been entered into the SSID for a student, it may only be changed by completing a [High School Entry Year Correction Template](#), which is sent to your [Regional ESD Partner](#).

If you have any questions, please contact [Amanda Leopard](#) at 503-947-5674.
