- [August 10, 2:00-3:00](#)

Please contact [Ben Wolcott](#), ELPA Specialist, with any questions or concerns.

ACCOUNTABILITY & REPORTING

School and District Accountability Appeals Due to ODE on August 10, 2022 **REPEAT**

The Oregon Department of Education will [consider appeals](#) regarding accountability data displayed on the 2021-22 Accountability Details and the At-A-Glance School and District Profiles. On behalf of their respective schools, districts may submit the following to ODE:

- A written request from the school district superintendent or the superintendent’s designee, received at ODE by **5:00 PM PDT on August 10, 2022**.
- Appeals must be accompanied by appropriate documentation.

Districts that wish to submit an appeal must return the appropriate materials to [Elyse Bean](#) by email. Please use the [secure file transfer](#) to submit student level data (if applicable).

More information about submitting appeals is available on the [Accountability Details webpage](#) under the Accountability Appeals menu. For questions, contact [Elyse Bean](#).

Ninth Grade On-Track Validation (July 7 – August 19)

The Ninth Grade On-Track Validation opened on Thursday, July 7 at 1 PM. The last day to make changes to the students included in denominator for the Ninth Grade On-Track calculation is **August 19** (the close of the validation window). The last day to make changes to the students included in the numerator for the Ninth

Grade On-Track calculation is **September 2**, during the Ninth Grade On-Track Collection Review Window. Contact [Paul Skomsvold](#), [Ryan Clark](#) or your [Regional ESD Partner](#) if you have any questions.

Class Size Validation Checks Sent Out Monday, August 1, 2022

These checks are looking at unusual data in the 2021-22 validation compared to last school year (2020-21). Common unusual data patterns seen are higher than expected class size medians, overly large class sizes, students missing from Class Roster on May 2, 2022, and changes in the number of different types of classes reported compared to the last school year.

Please contact [Robin Stalcup](#), [Ryan Clark](#), or the [Regional ESD partners](#) to re-open Class Roster and ask questions. **September 23, 2022** is the last day to make changes.

Editing Student-Level Collections and the SSID Core Change

This is a reminder that the change to the SSID core will be finalized soon. Please look over your student-level collections and their validations for accuracy as soon as possible if you have not done so already. Once the SSID core changes roll to production next week, any edits to student data will require 2022-23 file formats to be used. This means that a production download that you make on or prior to August 10, 2022 will cause many errors if you attempt to use it to edit data on August 11 or later.

Please contact your data owners or the [Regional ESD partners](#) if you have any questions.

The At-A-Glance School and District Profiles Validation opened on July 28 and will close **October 5, 2022**. Previews of your preliminary At-A-Glance Profiles are available to review in validation in the [Achievement Data Insight \(ADI\)](#) application.

Training for the At-A-Glance School and District Profiles was conducted on July 28, and a [recording](#) is available. If you have questions regarding the At-A-Glance Profiles, please contact [Elyse Bean](#) or your [Regional ESD Partner](#).
