GENERAL ANNOUNCEMENTS

September Reporting System Webinar

A live Centralized Reporting System (CRS) Webinar will take place on **Thursday, September 22 at 9:00 a.m.** This webinar will focus on general CRS functionality and briefly cover the hand scoring components required for Interim assessments. It is appropriate for district and school users. The meeting link and login information will be sent out by noon on Wednesday, September 21 via the DTC listserv. A recording of the webinar will be available on [the ODE website](#) after the session. The third and final CRS webinar for the 2022-2023 school year will take place on **March 7, 2023.**

Oregon Department of Education Embargoed Data and Webinar for Oregon Statewide Assessment System Results

The Oregon Department of Education will publicly release the 2021-22 results from the Oregon Statewide Assessment System (OSAS) at **6:00 a.m. on Thursday, September 22, 2022.**

The goal of the OSAS summative assessments is to improve our education system, not to evaluate individual students. Used in the right way, data from high-quality systems of assessment can inform instruction and help school leaders drive resources to the schools and students that need them the most.

These results will be available on an embargoed basis to school districts and members of the media starting the afternoon of **Monday, September 19, 2022.**

To obtain a copy of the embargoed data files in advance of the webinar, please email [Peter J. Rudy](#).

In conjunction with the embargoed release, ODE will conduct a webinar for school district staff to share embargoed data and answer your questions. The webinar will be held **Tuesday, September 20, 2022, at 9:00 a.m.** Please use this information to connect to the meeting:

Region One Assessment Consortium (ROAC) DTC Webinar Slides and Recording Available

On August 26, ROAC members hosted a webinar titled, “So You’re a DTC” to help new and veterans alike prepare for the upcoming year. The video recording is now viewable at this link ([Part 1](#)) along with the [slide deck](#).

Reminder: ROAC meets once every third Friday of the month to discuss assessment problems and solutions. Please contact [Scott Burich](#), ROAC Chair, if you’d like to attend or if you have any questions.

“DTC Roadmap” Now Available **REPEAT**

In response to the large number of DTCs new to their role, ODE is pleased to release the new “[Roadmap for DTCs](#)” resource on the [Test Administration](#) webpage. The DTC Roadmap is designed to summarize all of the roles and responsibilities of a DTC, as well as resources available to support DTCs in their work. While the DTC Roadmap does not replace any manuals or user guides, it does include a comprehensive set of links to all resources, a printable “year at-a-glance” section, and a list of acronyms used in the work of statewide assessment. ODE wishes to thank each of the DTCs and ESD Partners who reviewed the DTC Roadmap – this resource is more accurate and complete as a result of this collaboration!

For DTCs new to their role in 2022-23, ODE will be facilitating a set of “New DTC Orientation” webinars in September and October based on the contents and structure of the [DTC Roadmap](#). Information about the “New DTC Orientation” will be coming soon.

Please direct any questions or comments about the [DTC Roadmap](#) to [Andrew Byerley](#), Math Assessment Specialist.

The 2022-23 [DTC Fact Finder](#) and ODE-facilitated webinar registrations are now available on the [Assessment Training Materials page](#) and also linked in this announcement; the 2022-23 DTC Training Modules are still being finalized and will be updated on or prior to October 3.

TEST ADMINISTRATION

INTERIM ASSESSMENT

2022-2023 Interim Assessments Now Available **REPEAT**

The statewide test window for the Oregon Interim Assessments in ELA, Math, and Science is now open for the 2022-2023 school year. Schools and districts may administer these assessments to students in-person or remotely. Information and professional learning resources to support test selection, administration, scoring, and data use are available on ODE's [Interim Assessment webpage](#).

Oregon's interim assessment blocks are best used to provide educators and students with feedback about how well students have learned content that has just been provided by instruction. They are also aligned to content across the full depth, breadth, and complexity of Oregon's standards, including requiring students to write independently and to explain their math reasoning.

As a reminder, [Training Module 8 - Interims: Remote Administration and Test Security](#) is required for all educators to complete before their District Test Coordinator (DTC) provides user role access to the Interim Assessment System.

- If an educator has completed the 2021-22 TA requirements, they will only need to provide evidence they have completed Module 8.
- If an educator did not have a TA user account from the 2021-22 instructional year or if the educator has transitioned to a new district which is different from last year, they must:
 - Complete the reading requirements in Table 5 of the Test Administration Manual
 - Complete Module 8

- And complete training Modules 2, 3, and 4 available on the ODE Test Administration, [Assessment Training Materials Page](#).

Contact the appropriate member of ODE's Assessment Team with any questions ([Tony Bertrand](#), ELA; [Andrew Byerley](#), Math and Science).

The At-A-Glance Narrative Data Collection will **close on September 16, 2022**. The At-A-Glance Narrative Data Collection is located within the [Achievement Data Insight \(ADI\)](#) application.

At-A-Glance Narratives must be submitted, not just saved, before ODE will publish them. You will see a row of green checkmarks on the maintenance page when the narrative sections for your institution(s) are successfully submitted.

Training on how to submit the At-A-Glance Narrative was conducted on June 9, and a [recording](#) is available. If you have questions regarding the At-A-Glance Narrative Data Collection, please contact [Bianca Llamas](#) or your [Regional ESD Partner](#).
