2015-16 ELPA21 Score Reporting Update

In recent weeks, the ELPA21 Consortium governance group has voted to recommend preliminary cut scores for the consortium states to use. This includes domain-level cut scores and the proficiency determination rules and descriptors for each ELPA21 grade band. Next, each state in the consortium must then begin its own formal adoption process. For some ELPA21 states, including Oregon, this is a highly-formalized process. For other states, this might be a relatively-informal process. This could mean that other ELPA21 states will begin to communicate about their official cut scores and score reports prior to Oregon releasing similar information. Staff at ODE have presented preliminary ELPA21 cut score information to the Oregon State Board of Education, and is planning an additional presentation during the October board meeting. Proposal for adoption for Oregon is expected in late fall or early winter. Once that occurs, the 2015-16 score information will be available in Online Reporting approximately <u>two weeks</u> after the official adoption. Due to the timing of the process as outlined above, *no 2015-16 ELPA21 score information will be available prior to November 8, 2016.*

Depending on the timing of the formal adoption, student score information may not be available in ORS until well after that. As a reminder, <u>Executive Numbered Memorandum 006-2015-16</u> provided guidance for districts to follow regarding the reclassification process in the absence of the 2015-16 ELPA21 score reports. Until the ELPA21 scores are officially adopted and this memorandum is reissued with updated information, Memorandum 006-2015-16 remains in force. If you have any questions about the OAKS Online Reporting System, please contact your <u>Regional ESD Partner</u>.

ELPA21 Braille Order Forms Available

During 2016-17, the English Language Proficiency Assessment for the 21st Century (ELPA21) will be available in a paper/pencil Braille format for students who need a Braille form. To order, District Test Coordinators should complete the order form found at <u>http://www.ode.state.or.us/search/page/?id=625</u> and submit it by **December 1, 2016**.

If you have questions about this process, please contact your <u>Regional ESD Partner</u>.

Percentile Scores on Test Records

When test records are loaded into the ODE assessment system, we populate the percentile score from the previous school year's computed score to percentile rank tables, which are based on the final scale scores for the entire state. For example, the 2015-16 test records have percentile scores based on the final 2014-15 scale scores. When the new scale score to percentile rank tables are computed at the end of the summer, ODE does not go back and update the percentile scores on the test records.

To determine eligibility for Talented and Gifted (TAG), use the most current scale score to percentile rank tables (i.e., 2015-16) located here: http://www.ode.state.or.us/search/page/?id=5446.
