ACCOUNTABILITY & REPORTING

Graduation and Dropout Validations Reminder

The NCES Dropout and Graduation Rate Validation and the Four and Five Year Cohort Graduation Rate Validations in the Achievement Data Insight (ADI) closed last Friday, December 10. However, changes made to the ADM data affecting these rates by 5 p.m. Monday, December 13 will be included in today's refresh.

Since these validations are now closed, be sure to select the "All" tab in the top right corner of your screen to view these validations and the refreshed data. ADM changes made by 5 p.m. Monday, December 27, still might be included in the final refresh on December 30, 2021, but are not guaranteed to be a part of this refresh.

For resources, please view the two trainings (Oct. 7 and Oct. 14) that cover the graduation/dropout process and review the Cohort and Exit Adjustment/Dropout manuals. These data will be publicly released in January, 2022 (TBD). If you have any questions, please contact your Regional ESD Partner or Paul Skomsvold.
