

DTC Webinar

January 12, 2022

**Welcome! Thank you for joining us. We will
begin shortly.**

Assessment Team Contacts

Dan Farley, Director of Assessment

Tony Bertrand, English Language Arts and Social Sciences

Andy Byerley, Math

Sody Fearn, K-2 Balanced Assessment

Caitlin Gonzales, Special Education

Noelle Gorbett, Science

Greg Houser, Senior Research Analyst

Carla Martinez, Administrative Support

Julia Pacicco, Senior Research Analyst

Crys Plattner, Administrative Support

Ben Wolcott, English Language Proficiency

Announcements & Reminders

- **ODE will be closed Monday, January 17th**
- **A recording will be made, so please turn off your microphone and video.**

Honoring High School Proficiency on the ELPA Summative Waiver Update

Policy Summary

Historically, students taking the ELPA Summative (at any grade level) must score Proficient on all non-exempt domains in the same year in order to be considered Proficient and exit English learner status.

Under this proposition, Proficient performance in one or more domains on the G9-12 ELPA Summative is preserved year-to-year.

- The student will not be presented with items from that domain in future years (as if it had been exempted).
- Performance from carried domains is factored into scoring for non-carried domains.

Waiver

On December 1, 2021, the USDE informed ODE that their legal department did not believe the policy to be consistent with federal statute and regulation; colleagues encouraged us to submit a formal waiver request

- ODE drafted and submitted a formal waiver request on December 7, 2021
- The public comment process runs through January 14, 2022
- Only 9 comments were received as of January 7, 2022 (8/9 in favor); ODE posted the information on Twitter and Meta to support additional engagement

Testing Decisions in 2022

- Students tested before USDE responds will *not* be able to benefit from the policy.
- Therefore, districts may wish to delay testing for students who would be eligible *if* USDE approves the waiver.
- However, participation requirements remain in place. All students with EL status must *eventually* be tested.
- USDE will respond to our waiver request within 90 days of submission (i.e. before the end of March, although we expect a response sooner).

Questions and Answers

- What squares with your thinking?
- What are you still curious about?
- What do you think might need to change?

Remote Test Administration Overview

Rationale

- States must assess students in order to:
 - Meet ESSA statewide assessment requirements
 - Provide data to help families, schools, districts, and the state understand and improve student academic achievement

Remote administration provides additional access to statewide assessments for schools who deliver instruction using remote, virtual, or online models

Remote Testing Test Window

The remote testing window will open **April 19, 2022** for students across Oregon.

Test Windows	Assessments	Grades
4/19/22 – 4/29/22	English Language Proficiency Assessment (ELPA)	K – 12 th
4/19/22 – 6/3/22	OSAS ELA and Math	3 rd – 8 th and 11 th
	OSAS Science	5 th , 8 th , 11 th
	Oregon Student Educational Equity Development (SEED)	3 rd – 11 th (Optional)

School Eligibility for Offering Remote Testing

Remote Testing Eligibility

It is expected that most students across Oregon will test in-person. Administration of the Oregon Statewide Summative Assessments should align to a school's instructional model.

- If a school predominantly offers *in-person instruction*, students will test in-person (*even individual students who may receive instruction remotely*).
- If a school offers predominantly *remote or online instruction*, **they may offer** summative assessments remotely. Note that families may still request to test in person.

Remote Testing Eligibility Cont.

Even if a school that delivers remote or online instruction **may not** be able to offer remote testing to a given student if the following apply:

- **Technology limitations for the TA or the Student**
(i.e., limited broadband, hardware requirements, or assistive technology)
- **Accessibility needs cannot be supported**
(i.e., Designated or Accommodation Supports)
- **Student is participating in**
 - *Oregon Extended Assessment*
 - *Oregon's Statewide Assessments Braille version*

If any of the following apply a district/school personnel should work with the student and family to schedule the tests at an alternate location (i.e., district, or school site).

Test Administration

This webpage is designed to assist District Test Coordinators (DTCs), School Test Coordinators (STCs), and Test Administrators (TAs) give valid and reliable state assessments in a timely and secure manner.

- [Current District Test Coordinators](#)
- [Current Testing Schedule](#)

Cambium Assessment, Inc. (CAI) is Oregon's vendor to host the [OSAS Portal](#)

Our state's online system for assessments. Test Coordinators and Administrators use the OSAS portal to assign accessibility supports to students, set up and administer test sessions, and view student participation and performance reports. Parents and students can access practice tests via the portal to familiarize themselves with the test experience and question design.

Required Training Components

District Test Coordinators (DTCs) must participate in annual test security and administration training provided by ODE. DTCs must independently review and complete the 2021-22 ODE-provided recorded training modules below. Once complete, the DTCs must independently review and submit the ODE-provided [DTC Fact Finder](#) activity by November 1, 2021 and [register](#) for one of the required ODE-facilitated Webinar sessions scheduled for November 2-4, 2021. DTCs must also use the ODE-provided training modules when conducting School Test Coordinator (STC) and Test Administrator (TA) trainings within their district. For a full description of training requirements by role, please refer to Section 1.5 Training Requirements of the [2021-22 Test Administration Manual](#).

Parent/Guardian Consent Requirements for Remote Testing Participation

Obtaining Parent/Guardian Consent

Consent from a parent/guardian is required for a student to participate in a remotely proctored test session

- Use *ODE Parent/Guardian Remote Test Administration Agreement Form* or the process your DTC has provided to obtain consent.
 - Parent will indicate if the **will** or **will not** allow for participation in remote test administration
 - If a child will participate in remote test administration, they will indicate whether they will have the video/audio **enabled** or **not enabled**
- *Student participation in remote testing **does not require** that a student video or audio is enabled during the test session*

OREGON
DEPARTMENT OF
EDUCATION

Parent/Guardian Remote Test
Administration Agreement

Each spring, students across Oregon in grades 3rd - 8th and 11th participate in the Oregon Statewide Assessments (e.g. English Language Arts, Mathematics, and Science). Some K - 12 students will also participate in Oregon's English Language Proficiency Assessment (ELPA). Additionally, Oregon offers students in grade 3 - 12 the opportunity to participate in the SEED Survey and provide feedback on their learning experience. Oregon primarily uses these assessments to help families, schools, districts, and the state understand and improve student academic achievement.

Most students participate in these tests at school. However, to provide additional flexibility, the Oregon Department of Education is allowing districts an option for students to participate at home or another remote testing location if needed based on a student's regular academic instruction (e.g. virtual, or online instruction).
(Remote test window: ELPA 4/19/22 - 4/29/22; OSAS ELA, Math, Science, SEED Survey 4/19/22 - 6/3/22)

When testing remotely, your child will have access to a test administrator who is supervising the assessment. This test administrator will be able to assist your child via chat. We also recommend, similar to online instruction, that your child have video/audio enabled. This allows the test administrator to both see and hear your student during the test and to communicate directly with your child when they need support during the test. The connection between the proctor and your student is direct and no one else will have access. Audio is recorded on the speaking domain for ELPA; video is not recorded.

To make sure the results are valid, ODE must ensure student participation is accurate and represents the student's learning. Additionally, ODE must maintain the security and confidentiality of all test materials. If you would like your student to participate at home or another remote testing location, you have several responsibilities. By signing this agreement, you agree to the following:

- I will not take any type of picture of the test.
- I will not assist my student with answering any test questions.
- I will not write anything about the test, on paper or electronically.
- I will not disclose any secure test materials, including test questions and answers.
- I have read the Parent/Guardian Agreement and reviewed the Student Agreement on the reverse side of this document.
- I understand that parents and students who engage in inappropriate conduct with respect to Oregon's assessments may be subject to actions including, but not limited to, a student's test being invalidated.
- I agree that it is important that my child complete all of the activities of the assessment independently.

☐ Yes, my child **will** participate in remote testing administration.
(Please indicate which option for remote testing)

☐ Yes, with camera enabled ☐ Yes, without camera enabled

☐ No, my child **will not** participate in remote testing administration and will instead test in person.

Obtaining Parent/Guardian Consent Cont.

- Video permission must also be set in TIDE.

The screenshot shows a web interface for TIDE. A dropdown menu is open for the label 'Parental Consent for Remote A/V Monitoring:'. The dropdown list contains four options, each with an unchecked checkbox: 'Select all', 'Yes with camera', 'No', and 'Yes without camera'. The text 'Add' is partially visible at the bottom right of the form area.

**If no drop-down has been selected in TIDE, the system will automatically default to “No”.*

However, DTCs, STCs, or TAs should verify this TIDE setting is accurately set prior to remote administration based on the Parent Guardian Remoter Testing Administration Agreement Form.

Obtaining Parent/Guardian Consent Cont.

- If a parent/guardian provides consent, the permissions must be set in TIDE to allow a student to participate in remote administration.

The screenshot shows the 'Test Access' form in the TIDE system. It includes a dropdown for 'Blocked Subjects (Student Restrictions)' set to 'None selected', a 'Target Up' button, and grade selection dropdowns for ELA (07), Mathematics (07), and Science (- Select -). The 'Remote Tester' section, which contains radio buttons for 'Yes' and 'No', is circled in red. The 'No' option is selected by default.

** If no bubble has been selected in TIDE, the system will automatically default to “No”*

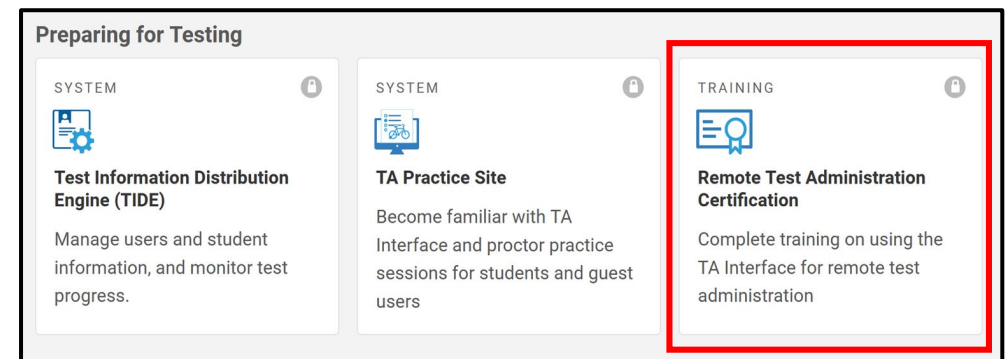

Overview of Remote Technology Requirements and Operation

Remote Test Administration Certification Course

To administer tests to students who are remote, **TAs must complete the and pass the *Remote Test Administration Certification Course*.**

- This course is only required for those TAs that will be administering the remote testing session.

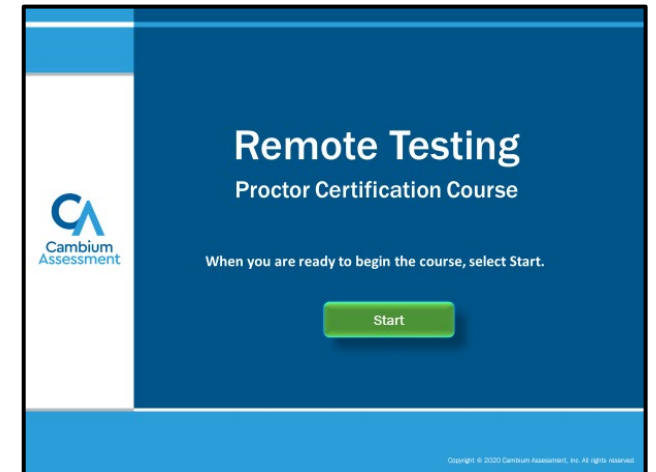

The course will walk you through how to administer remote assessments to students and can be accessed via the OSAS Portal under the Test Administrators tab.

Remote Test Administration Certification Course Cont.

The Remote Test Administration Certification Course explains how TAs can:

- Prepare your computer, webcam, microphone, and speakers before testing.
- Access the remote proctoring test administration site from home.
- Schedule a remote test or modify a scheduled remote session.
- Convey remote test session information to remote students.
- Join and begin a remote session that was scheduled in advance.
- Communicate with and assist remote students during a test session.
- Pause and Stop a remote test session.

Overview of Remote Testing

- No additional software is needed to enable the remote testing capabilities for proctors.
(*Must be activated in TA TIDE settings*)

- Proctors log in to the same test administration site (OSAS Portal) they would use if students were testing in the classroom, or in-person.
 - From this site, proctors will select a remote test session or an in-person test session
 - Proctors can also schedule sessions in advance and provide a link for students to join the session when it starts

- Remote students should use the Secure Browser to access the same testing website they would access in school
 - If it is not possible to install the Secure Browser on a student's device, districts/schools should work with families to arrange for in-person testing.

Remote Administration: OSAS Secure Browser

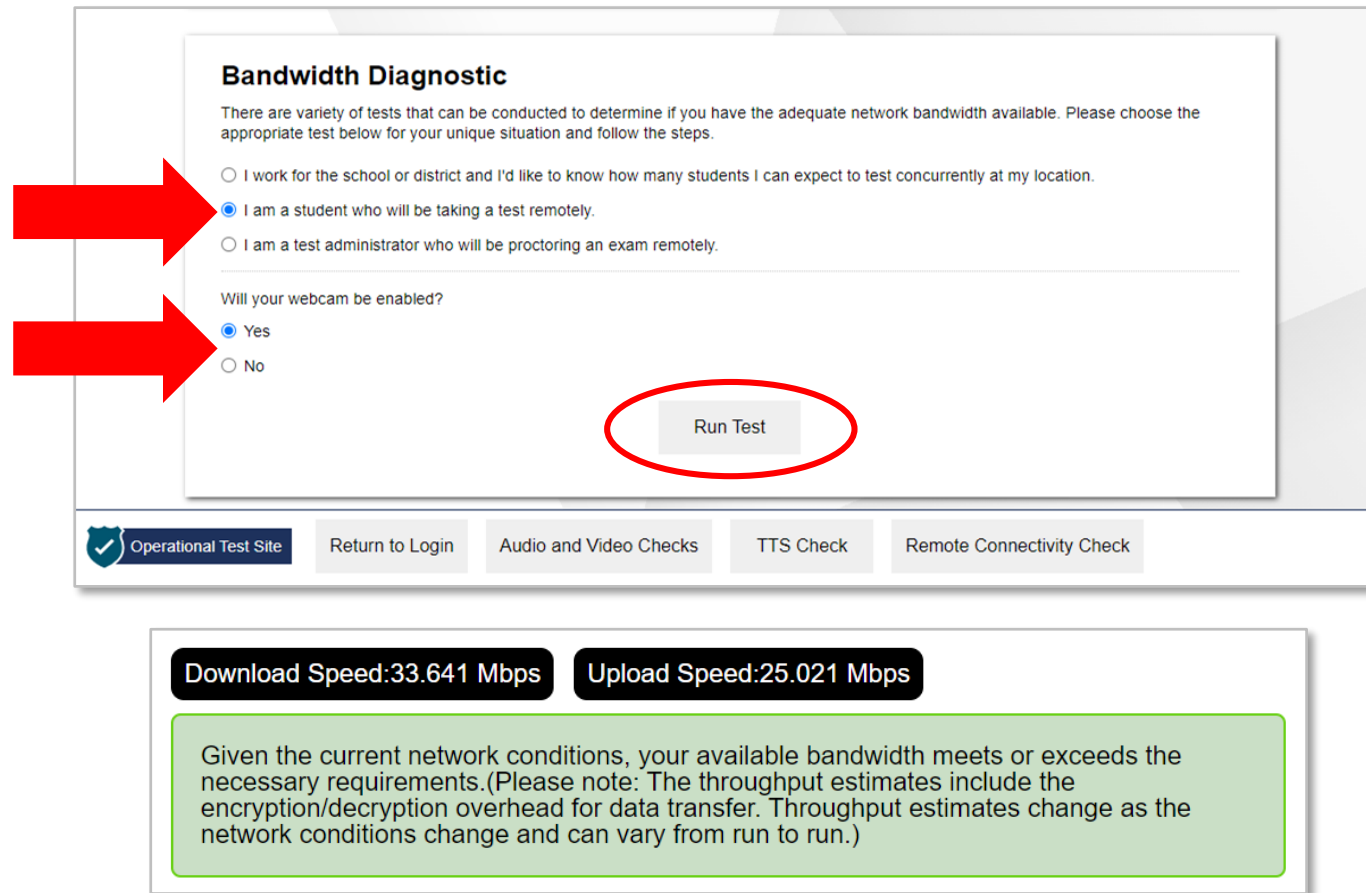

All Oregon Statewide Summative Assessments are required to be administered using the OSAS Secure Browser:

- ELPA
- OSAS ELA
- OSAS Math
- OSAS Science

** The SEED Survey and Interim Assessment can be administered remotely using either the OSAS Secure Browser or the Remote Student Testing Web Link.*

How to Test Your Internet Speed

Bandwidth Diagnostic

There are variety of tests that can be conducted to determine if you have the adequate network bandwidth available. Please choose the appropriate test below for your unique situation and follow the steps.

☐ I work for the school or district and I'd like to know how many students I can expect to test concurrently at my location.

☒ I am a student who will be taking a test remotely.

☐ I am a test administrator who will be proctoring an exam remotely.

Will your webcam be enabled?

☒ Yes

☐ No

Run Test

Operational Test Site | Return to Login | Audio and Video Checks | TTS Check | Remote Connectivity Check

Download Speed:33.641 Mbps **Upload Speed:25.021 Mbps**

Given the current network conditions, your available bandwidth meets or exceeds the necessary requirements.(Please note: The throughput estimates include the encryption/decryption overhead for data transfer. Throughput estimates change as the network conditions change and can vary from run to run.)

How to Check Your Hardware

Network Diagnostics

Your Operating System: Windows 10

Your Browser Version: Chrome v88

Secure Browser: false

Camera Check

Ensure you are able to use the camera. Check the box below to grant permission to access the camera, then test the camera functionality.

☒ I agree to grant the browser permission to access the camera.

Next Step:

If you can see a live stream of your camera, choose I see myself. If not, choose I cannot see myself.

I see myself

I cannot see myself

Skip

Audio Playback Check

Make sure audio playback is working.

 To play the sample sound, press the speaker button.

Next Step:

If you heard the sound, choose I heard the sound. If not, choose I did not hear the sound.

I heard the sound

I did not hear the sound

Microphone Check

Make sure your microphone is working

1. To start recording, press the Microphone button.
2. Say your name into your microphone.
3. When you are done, press the Stop button.
4. To listen to your recording, press the Play button.

Next Step:

If you heard your recording, choose I heard my recording. If not, choose I did not hear my recording.

I heard my recording

I did not hear my recording

Skip

Video Playback Check

Make sure video playback is working.

Make sure video playback is working. To play the sample video, press the play button.

Next Step:

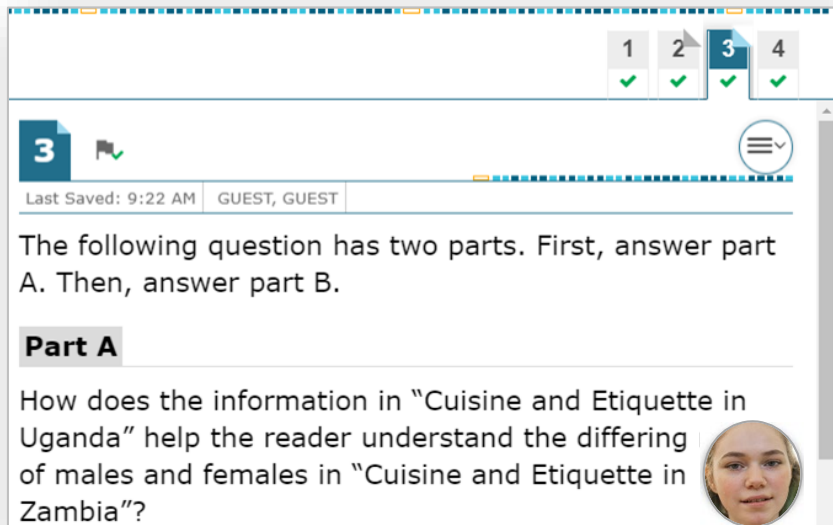

If you were able to play the video, choose I could play the video. If not, choose I could not play the video.

I could play the video

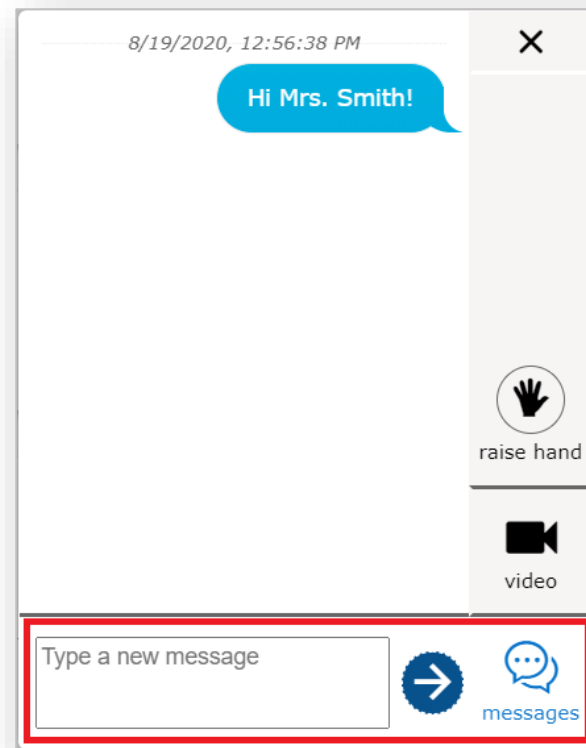

I could not play the video

How Your Proctor can Communicate with You During a Test

The screenshot displays a test interface with a top toolbar containing icons for Masking, Global Notes, Line Reader, Zoom Out, and Zoom In. Below the toolbar, there are two tabs labeled '1' and '2', both with green checkmarks. A document icon with the number '3' is visible. The status bar shows 'Last Saved: 9:22 AM' and 'GUEST, GUEST'. The main question text reads: 'The following question has two parts. First, answer A. Then, answer part B.' Below this, 'Part A' is highlighted, followed by the question: 'How does the information in "Cuisine and Etiquette"'. On the right side, a communication panel is open, showing a list of messages with timestamps: '9/21/2020, 6:42:22 PM' with the message 'Don't forget to check your answers!', '9/21/2020, 6:44:49 PM' with 'Ten minutes left in the test!', and '9/21/2020, 6:51:13 PM' with 'Do you need help with your test?'. The panel also includes a 'raise hand' button and a 'video' button. At the bottom of the panel is a text input field labeled 'Type a new message' and a 'messages' button. Three red arrows point to specific features: one to the broadcast messages, one to the private message, and one to the chat input field.
