DTC Webinar

December 8, 2021

Welcome! Thank you for joining us. We will begin shortly.

Announcements & Reminders

- **ODE will be closed December 24th and 31st for the holidays.**
- **The high school ELA, math, science, ELPA, and SEED Survey test windows open on January 11, 2022**
- **A recording will be made, so please turn off your microphone and video.**

Questions & Answers

Q: We have ELPA trained staff that go to different buildings to help with testing. Currently, we set them up with the building for the entire district as well as each individual school. Is there a better way to give them access at all schools?

A: Currently each permission (school, district level) needs to be added individually within TIDE.

Questions & Answers - SEED

Q: Will you be adding a checkbox for "SEED" and "Interim Assessments" training on the TA assurance form?

A: No.

The SEED Survey is non-secure. There is no need for an assurance form because there is no need to maintain item security.

The Interim Assessments are semi-secure, meaning they are sharable at the classroom and building level (but not with the public).
- This information is covered in Training Module 8 Interim Assessments
- Interims may need to be administered prior to yearly TA training.
  - Therefore, ODE did not want to create an additional step for DTCs to collect TA Assurance Forms on multiple occasions.

Honoring Student Proficiency on the HS ELPA

Waiver Request - Public Comment

The public comment period for our *Honoring Student Proficiency on Oregon's High School ELPA Summative* waiver request will be open from Tuesday, December 7, 2021 through Friday, January 14, 2022.

Public comment for such a request is required in federal statute [Every Student Succeeds Act, Section 8401(b)]. The following resources support ODE's adherence to the public comment process required in ESSA.

- Honoring Student Proficiency on Oregon's High School ELPA Summative - Waiver Request
- Appendix A - ODE Scoring Policy Impact Study Results, Dr. Josh Rew
- Appendix B - Comparison of Classification Accuracy for Current and Proposed ELPA21 Student Exit Decision Rules, Dr. Scott Monroe
- Appendix C - Honoring High School Proficiency: Supporting Evidence from Policy and Research, Dr. Karen Thompson

Public comments can be emailed to ODE.WaiverFeedback@ode.state.or.us and will be reviewed concurrently with our submission of the request to the United States Department of Education.

Remote Testing Update

Remote Test Administration

- ODE plans to make remote test administration available for all general summative assessments in the spring 2022 school year (ELA, math, science, SEEDS, and ELPA)

- Family impact and item security threat concerns were **<u>not</u>** substantial based on other state experiences with remote testing (e.g., CA, CT, ID)

- Oregon's virtual charter schools and district online programs, as well as students experiencing health or safety concerns need accessibility

Remote Test Administration – Testing Window

- **Remote Testing Window:**
  - **ELPA** *(4/19 - 4/29)*
  - **OSAS ELA, Math, Science, SEED** *(4/19 - 6/3)*

- Remote testing is being made available of necessity *(e.g. online, virtual, health needs)*; it is not a mode that is promoted for use with students who are attending in-person instruction.

Remote Test Administration - Priorities

Order of Priority

A student's assessment participation will be administered in alignment with their primary instructional model.

a. If a student is attending a school in person, they will take their summative assessment in person.

b. If a student is attending a virtual or online school, they will be eligible to take their summative assessment remotely. *(Parents/Guardians have the opportunity to request their child take their summative assessments in person, if they choose.)*

Braille and the Oregon Extended are not currently available options for remote administration

Remote Test Administration Video Enabled

- CAI **<u>requires</u>** parent permission for remote testing and use of video-enabled during remote testing. Remote Testing must be activated in TIDE at the student level.

- ODE has adopted a hybrid approach to video-enabled remote testing:

  - Student participates with **video-<u>enabled</u>**

    two-way communication with TA: audio and chat, screen-sharing, student can toggle camera on/off

  - Student participates with **video-<u>disabled</u>**

    two-way communication with TA: chat only

DTC/STC/TAs will need to indicate in TIDE which students have permission for webcam use

Remote Test Administration Parent Resources

- ***Parent/Guardian Remote Testing Agreement Form***

- ***Parent Infographic for Remote Testing***

- ***Parent FAQ for Remote Testing***

- ***Parent Remote Testing Families and Students Training Module and Video***

- ***Parent FAQ Troubleshooting Technology Guide***

Remote Test Administration TA Training Resources

- Required - ODE Training Module 10 for Remote Test Administration
    - *Test Dates*
    - *Test Forms by Content Area (Adaptive vs. Fixed Forms)*
    - *Administration Recommendations (Number of Students per Session)*
    - *Brief Overview of Remote Administration Permissions*
    - *Accessing Resources on the OSAS Portal*
        - *Remote Certification Course*
        - *OSAS Help Desk for Remote Testing*

Remote Test Administration - TA Training Resources

- **Required** - Online Remote Test Administration Certification: SEEDS, Summative and Interim Assessments *(Tentatively Available 1/31/22)*

    - *Technical Aspects of Remote Administration: How to use and navigate the remote testing system;*

    - *Cambium Automatically Sets DTC, STC, or TA account in TIDE after completion of certification course*

Questions & Answers – Remote Test Administration

Q: When will you have additional information about the remote proctoring? Will this happen before January?

A: ODE's goal is to have all materials (parent resources, DTC/TA Training materials and DTC/TA support resources in place prior to the <u>January 3, 2022</u>.

Materials will be posted to the ODE Test Administration web page in a new accordion labeled for for Remote Testing Resources.
- *The Training Module 10 will be posted with the other training modules and…*
- *The Remote Certification Course activating the remote testing feature in TIDE will be located on the OSAS Portal.*

Questions & Answers – Remote Training Certification

Q: For the Remote Training Admin Certification, will TAs need to wait to get their secure login before they can access/complete this training?

A: Yes, the Remote Certification Course is connected to the TIDE System. Once a DTC/TA completes the training course the system will automatically activate the remote testing feature in the DTC/TA's TIDE account.

The Remote Certification Course outlines the technical functionality of administering a remote session and how to engage with students.

Remote Test Administration - Survey

1. **Parent Resources: If you have additional requests for parent resources not shared during the 12/8/21 DTC Webinar, please use this space to explain your request.**

2. **District Resources: If you have additional requests for district resources not shared during the 12/8/21 DTC Webinar, please use this space to explain your request.**

3. **Module 10 Remote Testing Training: If you have additional requests to be included for the Module 10 Remote Testing Training not shared during the 12/8/21 DTC Webinar, please use this space to explain your request.**
