PreACT

4. Can the PreACT window be modified to better align with SAT School Day?
 - a. The 2025 -26 PreACT window is open continuously from 9/30/25 through 4/10/26. The PreACT can be administered at any time during that window, which should align with the SAT School Day window in October and most of the spring SAT School Day

— window (which typically opens in early March, according to the College Board website).

- b. The PreACT window cannot be extended beyond 4/10/26. The 24-25 administration year was a unique exception due to the delayed start of the window because of the ACT/IntermediaryEd transition.
