Summer is better

I think I would rather live in Florida because I've been to Florida before and I think I would like Florida more than Colorado because I like the warm rain water that is in Florida. I also think that if I lived in Florida I wouldn't live in Orlando because Orlando is way to crowded for me to live in. I wouldn't want to live in Colorado because Colorado has to many kinds of weather Source #2 is where I found this information. The reason why I would want to live in Florida is because I would probably get to go to Universal Studios every summer.

One thing I don't like about Florida is that it is so hot during the summer. But one thing I do like about Florida is that you can walk in the rain even if its summer time and when you do walk in the rain the rain water is warm. but I would especially want to go to Florida in the Winter because there would be a smaller amount of people in Florida in the Winter. I would also like to live in Florida because I would get to stay inside a lot thanks to the thunderstorms or rainstorms going on outside. I would also like the Summer air because it is very humid.
