

# Join the Oregon Department of Education's Fall 2020 Interim Assessment Series

For the first time, Oregon educators and students have access to a statewide interim assessment system to support student learning and instruction. Oregon's interim assessment system provides educators with flexible and remote administration options, as well as the full suite of designated supports and accommodations, to support students. In addition to supporting instructional practices, the Interim Assessment System provides the opportunity for educators to elicit evidence of student learning, provide actionable feedback, and adjust instruction accordingly.

The Oregon Department of Education will offer multiple sessions for educators to build their knowledge of the Interim Assessment System. After completing each session ODE will provide educators with PDUs for their participation.

Click to [register](#) for any or all six sessions or for more information visit:
