

Test Information Distribution Engine (TIDE) Webinar

Q&A

Nov 8, 2022

Q1: Can you see a history of all uploads or just your own?

You can only see a history of your own uploads.

Q2: When using an upload to set more than one tool for a student, do you add their SSID for every tool?

Yes, you need one row per tool per value. You should add the SSID on each row for each tool value combination.

Q3. When will the Test Windows module open?

The Test Windows module will open on December 1, 2022.

Q4. Will rosters created in TIDE also show up in CRS?

Yes, rosters created in TIDE will show up in CRS.
