

ACHIEVEMENT STANDARDS

OSAS Achievement Standards Summary

The chart below shows the achievement standards¹ for Oregon’s Statewide Assessments by content area and grade/benchmark level.

Required State Assessments: English Language Arts/Literacy and Mathematics assessments in grades 3-8 and 11, and science in grades 5, 8, and 11.

Optional State Assessments: Social science assessments; however, they may be required locally by some districts or schools.

For detailed assessment information, refer to the Oregon [Test Administration Manual](#). It provides timelines, options, test security requirements, and test administration procedures that ensure both test reliability and validity from classroom to classroom, teacher to teacher, school to school, and district to district.

¹ Achievement standards are also commonly referred to as cut scores and they represent the point on a scale that is the start of a level. For instance, a grade 3 English Language Arts/Literacy achievement standard of 2367 for level 2 means that any students scoring 2367-2431 is in the level 2 score range.

*Achievement of level 3 or higher demonstrates proficiency on the OSAS Science Assessment.
