Preventing Suicide During Covid-19: Emerging Strategies for a Distance Environment

For School Counselors, Administrators and Other Mental Health Professionals

April 30, 2020
Overview

• Suicide risk factors, warning signs.
• Preventing suicide.
• Telehealth procedures.
• Crisis response resources.
• Efforts to reach students with little access
• What guidance do you need?
Giving feedback

For suicide prevention guidance questions please:

● Post question in the GoTo chat area.
● Please be concise.

We will:

● Respond to as many questions as possible.
● Continue to post updates to the ‘Administrators, School Counselors and Other Mental Health Professionals’ area on our website.

We will not be able to respond to questions regarding other subject areas.
Signs of stress

• Fear and worry.
• Changing eating or sleeping patterns.
• Trouble concentrating.
• Worsening health problems.
• Feeling alone, seeking social support.
• Sadness, anxiety, moodiness.
• Avoiding activities.
Suicide risk factors

• Previous attempts
• Isolation, aloneness
• Self-injury
• History of depression, substance use, behavior problems
• High stress
• Family history
• Firearms in home
• Situational crisis
Suicide warning signs

- Direct threats
- Plans
- Extreme hopelessness/despair
- Preoccupation with death
- Change in:
  - Appearance
  - Behavior
  - Thoughts
  - Mood
What you can do

- Emotional safety
- Supportive, trusting relationship
- Make use of support resources
- Create networks of supportive adults
- Never ignore signs or keep information secret
- Get immediate help if threat seems serious
Racial Equity Lens

• Be culturally-responsive to needs and strengths.
• Ask about internal family supports.
• Be mindful of access to technology, internet and local resources.
Dealing with Suicide Risk remotely

Telehealth Tips: Clients with Suicidal Risk
Lots of documents out there: This one is good!

- Includes tips on screening, safety planning, and contact recommendations if risk is present
- Suicide Risk Assessment links (some online training required)
- Suicide Safety Planning form links – adaptations for remote work
- Many, many resources listed
  - ReachOut Oregon
  - Now Matters Now (DBT skills ideas for clinicians – adaptable for schools)

[amarcus@aocmhp.org](mailto:amarcus@aocmhp.org)
Tier 3 – Crisis support

Student is at risk for suicide or imminent harm.

If you can’t conduct a formal risk assessment:

Determine risk for imminent harm - CALL 9-1-1.
• Call the National Suicide Hotline (800-273-8255).
• LinesforLife remote risk assessment and safety planning 503-575-3760.
• Consult ODE’s How to Prevent Suicide guidance documents.
• See OHA’s Telehealth Tips: Clients with Suicide Risk
• Refer to outside mental health provider.
• Communicate regularly with parents, guardians and trusted adults.
• Offer caregivers resources such as Reach Out Oregon.
• Check in frequently with student, family and teacher (as appropriate).
Exciting New Support Service:

Remote Suicide Risk Assessment and Safety Planning Line

- Monday – Friday 8:30AM-4:30PM
- Can take referrals from school counselors, admin or other school-based mental health professionals
- Meant to be a safety net if you are experiencing fatigued or limited resources. Not meant to replace existing relationships/systems for connecting kids to services.

(503) 575-3760

Questions? KahaeR@linesforlife.org
Admin, Counselor or other School-Based Mental Health staff identifies a potential at-risk student

Referral to Remote Suicide Risk Assessment:
School staff* reaches out to L4L RSRASP. Whenever possible, student should be involved in the conversation about this reach out. If possible, have a 3-way call with school staff, student, and adult caregiver/parent and the RSRASP staff.

During Referral Call:
School staff provides referral information, and student contact info (preferably multiple means of contact including parent/adult caregiver contact, student cell, and home address), school staff contact information, and the reason for the referral.

If 3-way call isn’t possible:
School staff works with student and parent/adult caregiver to keep student safe while referral is made and until L4L is able to contact student.

L4L attempts to contact student within 60 minutes.

L4L completes C-SBRR** with student, creates safety plan (if needed), provides referrals (appropriate for assessed risk level), and informs other trusted adults (if needed and in adherence to L4L guidelines/protocols). Parent warmline is given as a resource. (OFBN***)

L4L follows up with school staff who made the original referral. Preferred: School staff confirms their availability to follow up with appropriate school resources and maintain regular connection with the student/family at least until mental health services begin.

L4L follows up with student and trusted adult, as planned during assessment and planning. L4L continues to be available to school staff regarding student as needed.

FOR ADMINISTRATORS, SCHOOL COUNSELORS, & OTHER SCHOOL MENTAL HEALTH STAFF

Remote Suicide Risk Assessment & Safety Planning
For Oregon Schools through Lines for Life (L4L)

* “School staff” refers to designated school staff—administrators, school counselors, or other school-based mental health staff.

**C-SBRR is the Columbia-Suicide Severity Rating Scale.

Staff identifying students in need are strongly encouraged to discuss with student the referral for assessment. (Ex: “I am honored that you shared this with me. Because I care about you, it’s important to me that you get the help you need to be well. And I know that I can’t offer that on my own. So I’d like to reach out to a caring adult who does know about supporting kids through thoughts of suicide so that they can help us. If you want, you can listen in to what I share with them.”)

***OFBN – Oregon Family Support Network

RSRASP is staffed with kind, caring experts in assessing suicidal crisis. They are masters-level mental health professionals.

Remote Suicide Risk Assessment & Safety Planning Line:
(503) 575-3760
Hours:
8:30AM-4:30PM
Monday - Friday
We want your feedback

• What guidance do you need to help support your students and their families?

• What guidance do you need to help support you in your work?
Thank you!
