

## Grades 11 – 12 Reading Literary Text: Learning Progression Evidence and ALDs

This document serves as a guide in understanding the main Oregon English Language Arts (ELA) learning targets. Educators can use this document as a tool for bundling multiple reading literary (RL) standards into learning targets in alignment to Oregon’s summative test. Throughout the document each learning target will include specific standards, evidence statements, and Achievement Level Descriptor (ALD) Progressions.

**READING STANDARDS:** Students can read closely and analytically to comprehend a range of increasingly complex literary texts. The reading standards define what students should understand and be able to do by the end of each grade.

- While the Standards delineate specific expectations in reading, writing, speaking, listening, and language, each standard need not be a separate focus for instruction and assessment. Often, several standards can be addressed by a single rich task.

Key Ideas and Details	Craft and Structure	Integration of Knowledge and Ideas	Range of Reading and Complexity
<ul style="list-style-type: none"> <li>• Read to determine what the text says and make logical inferences</li> <li>• Determine central ideas or themes; summarize the key supporting details and ideas</li> <li>• Analyze developments over the course of a text</li> </ul>	<ul style="list-style-type: none"> <li>• Interpret words and phrases and how specific word choices shape meaning or tone</li> <li>• Analyze how the structures of text relate to each other and the whole</li> <li>• Assess how point of view or purpose shapes the content and style of a text</li> </ul>	<ul style="list-style-type: none"> <li>• Integrate and evaluate content presented in diverse media and formats</li> <li>• Delineate and evaluate the argument and specific claims in a text: validity, relevance and sufficiency</li> <li>• Analyze how two or more texts address similar themes or topics</li> </ul>	<ul style="list-style-type: none"> <li>• Read and comprehend complex literary and informational texts independently and proficiently</li> <li>• Read increasingly complex texts to gain adequate exposure to a range of texts and tasks</li> </ul>

**LEARNING TARGETS:** Targets describe a granular level of the expectations of knowledge, skills, and/or abilities. A target can be aligned to one or more standards. In fact, some are aligned to part of a standard.

**EVIDENCE STATEMENTS:** Evidence refers to statements within the content specifications about what the student should be able to do for a given content area.

**ACHIEVEMENT LEVEL DESCRIPTORS AND PROGRESSIONS:** Grade and content-specific explanations of the knowledge, skills, and processes that students should be able to display across levels of achievement.

**TEXT COMPLEXITY:** Text complexity is a combination of quantitative, reader and task, and qualitative considerations. Beyond the use of lexile levels, educators should consider the following qualitative components: (1) Structure, (2) Language Conventionality and Clarity, Knowledge Demands, and Levels of Meaning and Purpose. [ODE Text Complexity, Vocabulary, & Writing \(Appendix A: Figure 2\)](#)

**Claim #1 Reading: Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.**
