

8th Grade Reading Historical Text Pathways to Proficiency (ELA) Standards and Achievement Level Descriptors (ALD)

This document aligns the Oregon English Language Arts (ELA) learning targets with corresponding Oregon ELA Standards. The document serves as a guide in understanding the different levels of proficiency as aligned to these learning targets. Educators can use this document as a tool in making connections between the ELA Standards and the different resources available: Evidence Statements, Achievement Level Descriptors and Progressions, and Statewide Interim Assessment Resources to support instruction.

STANDARDS: Although the Standards are divided into Reading, Writing, Speaking and Listening, and Language strands for conceptual clarity, the processes of communication are closely connected, as reflected throughout this document.

Reading: Text complexity and the growth of comprehension	Writing: Text types, responding to reading, and research	Speaking and Listening: Flexible communication and collaboration	Language: Conventions, effective use, and vocabulary
---	---	---	---

- While the Standards delineate specific expectations in reading, writing, speaking, listening, and language, each standard need not be a separate focus for instruction and assessment. Often, several standards can be addressed by a single rich task.

LEARNING TARGETS: Targets describe a granular level of the expectations of knowledge, skills, and/or abilities. A target can be aligned to one or more standards. In fact, some are aligned to part of a standard.

EVIDENCE STATEMENTS: Evidence refers to statements within the content specifications about what the student should be able to do for a given content area.

ACHIEVEMENT LEVEL DESCRIPTORS AND PROGRESSIONS: Grade and content-specific explanations of the knowledge, skills, and processes that students should be able to display across levels of achievement.

TEXT COMPLEXITY: Text complexity is a combination of quantitative, reader and task, and qualitative considerations. Beyond the use of lexile levels, educators should consider the following qualitative components: (1) Structure, (2) Language Conventionality and Clarity, Knowledge Demands, and Levels of Meaning and Purpose. [ODE Text Complexity, Vocabulary, & Writing \(Appendix A: Figure 2\)](#)

INTERIM ASSESSMENT RESOURCES: A description of the statewide interim assessment resources connected to the identified learning target.
