

Oregon ELA Interim Assessment Block Crosswalk with the ODE Condensed ELA Priority Standards

Adapted from resources provided by Student Achievement Partners and Smarter Balanced

In support of the instructional challenges that school districts are addressing as they prepare for the 2020-21 school year, the Oregon Department of Education Assessment team has compiled guidance and recommendations from Student Achievement Partners in alignment to the ELA Interim Assessment System and developed ELA Interim Assessment Blocks available for educators.

Recently, Student Achievement Partners (SAP) has published a [2020-2021 Priority Instructional Content in ELA and Mathematics](#). Within this publication, Student Achievement Partners has identified fourteen priority standards for English language arts across Grades K - 12. In grades K – 12, these instructional practices are best exemplified by 14 CCR standards (and the research that supports them) – CCSS: RF.4, L.4, L.5, L.6, RI.1, RI.4, RI.9, RI.10, RL.1, RL.4, RL.10, SL.1, W.8, and W.9. They cross the domains of reading, writing, language, and speaking and listening.

This guidance from SAP has been developed in response to current conditions. This document is not criteria, and it does not revise college and career-ready state standards. This guidance does not stand alone but is to be used in conjunction with all Oregon ELA standards.

In addition to the guidance provided by SAP, Smarter Balanced has developed an [ELA and Mathematics Interim Assessment Overview](#). This document describes the different types of interim assessments available within the Interim Assessment System, including their purpose, use, and varieties. For each grade and subject, this document provides a list of all interim assessments available for the 2020-21 school year by their assigned targets and standards.

- School districts may use these resources to support their educational communities. Curriculum and Instructional leaders may use this guide to help develop professional development opportunities as they eventually transition to plans for the upcoming assessment processes their educators will use during instruction.

Additional information on Remote Administration considerations for the Interim Assessment System please can be found by visiting the [Tools for Teachers: Remote Teaching and Learning](#) website.

**Educators may use this document to plan assessment activities
in alignment with the ELA Interim Assessment Blocks included in the Interim Assessment System.**
