

Career Resources

These websites provide career information and resources for educators to use with students to learn about, navigate and prepare for their future career choice.

- [ODE Career Connected Learning](#)
Find tools, resources and activities to help connect the interests, aptitudes, and goals of every student to their education and future.
- [Career Connected Learning Implementation Guide](#)
The Oregon Department of Education, Oregon State University, and Willamette ESD have partnered to develop this Career Connected Learning Implementation Guide and accompanying toolkits. These resources are designed to help educators and administrators create and implement Career Education plans aligned with the Oregon Career Connected Learning Framework, empowering schools to deliver meaningful, sequential career education experiences for students from kindergarten through high school.
- [Oregon Employability Skills](#)
OES is a suite of curriculum addressing the 10 skills identified as essential to employment success in Oregon by a Workforce and Talent Development Board (WTDB) report. It is available for first grade through adult/workforce. This curriculum supports learners' introduction to skills, applying them to their own lives and reflecting on how they use them in their school or work.
- [Career Connect Oregon](#)
This website serves as a resource and communication hub to support learners, teachers, families, and business and industry partners in learning more about careers in Oregon. It hosts a variety of resources and tools, including Sassy—the AI explorer. The regional pages provide opportunities for interested parties to connect and exchange ideas and strategies.
- [Career Journeys Video Series](#)
This video series supports learning about careers in an immersive, story-telling fashion. Enjoy the short videos that share the journeys of diverse young Oregonians from all around the state. Dive into the longer Q&A videos about their experiences and use the toolkit to create engaging lessons around the video series and career development. Each federally recognized tribe is represented by a young person sharing their story.
- [Career College Collaborative \(C3\)](#)
C3 partnered with ODE to develop tools to support career education, including career journey maps that can be used by counselors, teachers, families and caregivers, and students to help learners identify their goals, strengths and interests, and craft a path forward to meet their career aspirations.

- [Oregon Careers - Publication and Activities Guide](#)
These publications are aimed at the career planning needs of students. They contain information about how to select and prepare for a career. (Available in English and Spanish.)
- [ASCA Career Conversation Starters](#)
The Career Conversations Starters provide a guide for working with students, parents and community members to address the ASCA Mindsets & Behaviors for Student Success: K-12 College- and Career-Readiness Standards for Every Student.
- [ODE Career Technical Education \(CTE\)](#)
CTE programs use 21st century technology to support students in acquiring technical skills, professional practices, and academic knowledge critical for career success in high-wage, in-demand careers.
- [Oregon Career Information System \(CIS\)](#)
Free and open access to the Oregon Career Information System (CIS) provides students and adults with occupational and educational information, career tools and assessments, career planning and counseling support.
- [School Counselors as CTE Stakeholders](#)
This brief highlights the integral role that school counselors, in conjunction with a CTE program, play in successfully guiding students through the maze of secondary and postsecondary options so that they are successful in their chosen career.
- [Workforce & Talent Development Board Resources](#)
The Workforce Talent Development Board (WTDB) helps both younger and older students connect to data, information, resources, services and employers to help them along their journey as they make important decisions about their education, training, jobs and/or careers.
- [Military Career Information](#)
Discover what it takes to join the Military and how a career of service can lead to a fulfilling life.
