SCIENCE

Instructional Materials: Evaluation Training Materials

Evaluators were trained for the State Instructional Materials Review of Science in July 2016. The training materials are provided here for school districts to make use of for training their own evaluation teams. These materials may be useful in training teams for independent adoptions, or for review and selection from the state adopted list.

- Slide Deck
- OR-IMET K-5
- OR-IMET 6-8
- OR-IMET 9-12

The state evaluator training was recorded, and has been split into the following sections for your convenience. The video, handouts, and activities for each section are listed below.

I. Intro
