SECTION I: 2020 English Language Arts & Literacy Non-negotiable Criteria (NN)

NN 2 Evidence-Based Discussion and Writing:

Materials provide opportunities for rich and rigorous evidence-based discussions and writing about texts to build strong literacy skills.

2A. At least 80% of all questions, tasks, and assignments in the materials are text-dependent, requiring students to draw on textual evidence to support both what is explicit as well as valid inferences from the text. The overwhelming majority of these questions and tasks are text-specific.

2B. Materials include frequent opportunities for evidence-based discussions and writing to support careful analyses, well-defended claims, and clear information about texts to address the analytical thinking required by the Standards at each grade level.

NN 3 Building Knowledge:
Materials build knowledge systematically through reading, writing, speaking and listening, and language study.

3A. Materials provide a sequence or series of texts that build knowledge and vocabulary systematically through reading, writing, listening, and speaking. These texts are organized around a variety of topics at each grade level.

3B. Materials provide instructions, clear design, and lightweight student accountability that guide instructors regarding how students will regularly engage in a volume of reading both assigned (related to the anchor texts) or texts of their own choosing, in or outside of class.

SECTION II: 2020 English Language Arts & Literacy Alignment Criteria (AC)**EXAMPLES IN TEXT (PROVIDED BY PUBLISHER)****AC 1: Range and Quality of Texts**

AC Metric 1A: In grades 3-5, materials shift the balance of texts and instructional time to 50% literature / 50% informational high-quality text. In grades 6–12, ELA materials include substantial attention to high-quality nonfiction.

AC Metric 1C: Support materials for the anchor text(s) provide opportunities for students to engage in a range and volume of reading to achieve reading fluency of grade-level complex text as required by the Foundational Skills Standards, as well as the Standards regarding range and complexity for reading.

AC 2: Questions, Tasks, and Assignments

AC Metric 2A: High-quality sequences of text-dependent questions are prevalent in the materials and build to a deep understanding of the knowledge and central ideas of the text.

AC Metric 3B: Materials require students to engage in many short, focused research projects annually to develop students' knowledge in a range of areas and to enable students to develop the expertise needed to conduct research independently.
