The Oregon State Board of Education-approved Oregon State Plan for Career and Technical Education requires schools with state-approved CTE programs to report specified data. This document displays selected aggregated data. The data presented above cannot be fully understood or appropriately utilized without a complete grasp of the performance measures and definitions summarized in *Oregon Career and Technical Education (CTE)*

- 1S1** Academic Attainment: Reading - CTE concentrators who met the proficient or advanced level on the Oregon assessment of Reading/Language Arts and completed high school.
- 1S2** Academic Attainment: Mathematics - CTE concentrators who met the proficient or advanced level on the Oregon assessment of Mathematics and completed high school.
- 1S3** Academic Attainment: Writing - CTE concentrators who met the proficient or advanced level on the Oregon assessment of Writing and completed high school.
- 2S1** Technical Skill Attainment - CTE concentrators who completed all of the CTE courses in a program identified as "required" by the school, took and passed technical skill assessments, and completed high school.
- 3S1** High School Completion - CTE concentrators who earned a diploma, GED, or other Oregon-recognized equivalent.
- 4S1** High School Graduation (4 year cohort) - CTE concentrators who are part of the four-year cohort of students followed from the fall of their first year in high school to the end of their fourth year in high school in order
- 5S1** Student Placement - CTE concentrators who completed high school and were found in postsecondary education/advanced training, military, or employment during the period between October 1 and December 31.
- 6S1** Nontraditional Participation - CTE participants from underrepresented gender groups in who, in the reporting year, participated in CTE programs that lead to employment in fields non-traditional for their gender.
- 6S2** Nontraditional Completion - CTE concentrators from underrepresented gender groups who complete a program in that leads to employment in fields non-traditional for their gender, and completed high school.

Not all school districts are included in the table above. The only school districts listed in the table are "Direct Recipients" of Perkins grant funds and are not members of the consortium in their region. These districts are
