

DID YOU KNOW?

Were 9G-OTG outcomes by success team implementation different during the COVID-19 pandemic?

Note. Data from the 2019-20 school year were not available due to pandemic era impacts on school operations.

COVID-era Results

- ✓ Descriptive 9G-OTG outcomes by success team implementation status during the COVID-19 era are presented in the figure to the left.
- ✓ Results conclusively show a steep drop off in 9G-OTG rates for all school types with percentages falling from the low to mid 80s to the low 70s.
- ✓ The decline in 9G-OTG rates is consistent with many national and local educational indicators that were measured during the COVID-19 pandemic.

Future work will examine if there are post-COVID rebounds overall and with respect to success team implementation.
