MEASURE 98 | DYK #11

DID YOU KNOW?

What does the long term trend in 9G-OTG rates show?

Note. Data from the 2019-20 school year were not available due to pandemic era impacts on school operations.

The Trend in 9G-OTG Outcomes

- ✓ The graph on the left shows the proportion of ninth-graders in Oregon who are on track to graduate (9G-OTG) by school year.
- ✓ Trends demonstrate a stabilization of 9G-OTG rates after adoption of Measure 98 and a steep drop off and recovery after the onset of the COVID-19 pandemic.
- ✓ Across the 12-year time period, 9G-OTG rates were at their highest level in the 2024-25 school year at 86%.
- ✓ **<u>Takeaway</u>: While 9G-OTG rates generally returned to pre-pandemic levels by 2021-22, data show continued improvement through recent years.**
