  - Most SSF dollars are unrestricted – maintaining local control

Putting SSF Dollars in Perspective

- ~80% of district operating revenue
- ODE's largest program (in dollars)
- State of Oregon's largest investment

Reminder ESTIMATOR:

- Significant changes to statewide ADMw will have an impact on each district’s SSF.
- Remember that this is just an estimation tool and always review the SSF Estimates released from ODE.

Estimator Tool – Important Notes

	Local Revenue
	Teacher Experience Adjustment
	Transportation Grant Reimbursement
2.337318012380	Funding ratio
$ -	General Purpose Grant*
$ -	Total Formula Revenue*
$ -	State School Fund Grant*

*If these totals do not match the published estimate, there could be a rounding issue with your Extended ADMw. Use the "Rounding Correction" line next to the Extended ADMw total to the adjust Extended ADMw to match Extended ADMw in the General Purpose Grant box. The System uses 4 decimal places when calculating ADMw and this box will show all 4 decimal places.

2025-2026 General Purpose Grant

Multiply the Teacher Experience Adjustment of -0.25 by $25 then add $4500 to the result = $4,493.75
Then multiply $4,493.75 by the Extended ADMw 358.4825 and then by the funding ratio 2.479160855284 = $3,993,756.42

Funding ratio

- This ratio is updated when the SSF is rebalanced. Check the assumptions (first) page of the most recent District Estimate to make sure you are using the correct funding ratio.

Back of the Napkin Estimates

What about changes to the overall funding of the State School Fund?

- For every $1 million per year added to, or subtracted from the SSF equals ~$1.50 per ADMw
    - $1.43 SD (95.5%)
    - 0.07 ¢ ESD (4.5%)
- Keep in mind, the rate we are discussing is for the General Purpose Grant and does not include/account for the Transportation Grant – that would be in addition.
- Account for your Local Revenues and the balance would be your SSF Grant.

Example:

- $100 million added for the biennium
    - $49 million year 1
    - $51 million year 2
- 49 x $1.50 = $73.50
    - Increase of about $73 per ADMw
        - $70.19 per ADMw SD
