# What is a “Recent Arriver”?

- Aged 3-21;
- NOT born in any US state or Puerto Rico; and
- Has NOT been attending one or more schools in any one or more states for more than three full (cumulative) academic years.

In ESSA Title III this is the same definition of “immigrant”

# Who should be reported?

- All students, age 3-21, who were not born in the US or Puerto Rico

AND

- Have been educated in the US for less than three (3) cumulative years (or 540 days).

## Required Data to report a Recent Arriver student

- SSID#
- Language of Origin
- English Learner (EL) - Yes/No (cannot be blank)
- Students with Interrupted Formal Education (SIFE) - Yes/No (cannot be blank)
- Foreign Exchange Student - Yes/No (cannot be blank)

# Can a recent arriver designated as an English Learner have English as the language of origin?

- If the American Indian/Alaskan Native Race Flag is 'No', and the English Learner Flag is 'Yes', then the Language of Origin cannot be 'English'.
- Otherwise, yes!

## Student with Interrupted Formal Education (SIFE) also know as Students with Limited or Interrupted Formal Education (SLIFE)

SIFE students meet at least one of the following 2 categories:

1. Come from a home where a language other than English is spoken and enter a school in the US after grade 2
2. Are immigrant students who enter a school in the United States after grade 2

**AND** meet the following conditions

- a) Have had at least 2 years less schooling than their peers
- b) Function at least 2 years below expected grade level in reading and in math
- c) (May be pre-literate in their native language)

# Should Foreign Exchange students be reported?

---

YES – if they meet the definition of a “Recent Arriver”

# Collecting the Data

- It is recommended that the information be requested after student enrollment
- If this information is not provided by the student/parent, it can in NO WAY hinder the enrollment of the student
- If this information is not provided by the student/parent, the student cannot be counted as a Recent Arriver.

# Optional vs. Additional Information Needed

- Optional: Not Required from the student/parent upon enrollment. May be requested as optional at the time of or after (preferably) enrollment
- Additional: Not Required from the student/parent upon enrollment.
  - May be requested at the time of enrollment but may not hinder in any way the enrollment of the student.
  - Information will be required at some point (from student, parent, and/or school personnel determination)

# Optional Information Needed

- Whether the student was born outside the U.S. or Puerto Rico
- Date of U.S. school enrollment
  - Should only be requested once the following is known:
    - ✓ Student is between the ages of 3-21
- Student was born outside the U.S./or Puerto Rico

## When requesting the “optional” information, you must:

- Request the information of ALL students (Civil Rights)
- State the information is optional (in writing/on form)
- State why the information is being requested
- State what the information will be used for
- State how the information may help the student(s)

# Why the information is being requested:

---

- To determine whether a student meets the Title III definition of an immigrant child and youth.

# What the information will be used for:

---

- To calculate and disperse additional funds to qualifying districts (LEAs)
- To meet annual reporting requirements

# How the information may help the student:

- This information may provide additional funds to the district for aiding the education of recently arrived/Immigrant students.

# What if the needed “optional” information is not provided?

- Then the district does not report the student in the Recent Arrivers data collection.
- The only consequence of not reporting a potential Recent Arriver is that it lessens the district’s possibility of receiving an Immigrant subgrant.
- **Submitting the Data Collection is required, having the data is not.**

# Additional Information Needed

- Date of Birth (to determine age)
- Language of Origin
- Whether the student is EL/ML
- Whether the student is a Foreign Exchange student
- Whether the student has Interrupted Formal Education (SIFE)

# “Chilling Effect”

- Please make sure that the registrar understands the possible “chilling effect” questions like these could create for families.
- Again, the optional information MUST be labelled as “Optional” and none of the information requested may hinder a student being enrolled if not provided.
- Students, parents, guardians, etc. should NEVER be asked about their immigration status or date of entry into the United States.
- Consider how the district will handle the situation if this information is requested during enrollment, and it causes any discomfort to the enrolling party.

# Where to submit the data

1. Login to the [ODE District webpage](#):
2. Choose “Consolidated Collections” from the Applications list
3. Hover over the “Student Collections” tab
4. Hover over “ESEA Title III Recent Arrivers 2025-26”

  - Suggested if you have 51+ students to report
