

Oregon Title IC Migrant Education Project

Forming, or joining, a Title IC Consortium Project

Local education agencies wishing to form, or join, a consortium in order to implement a Title IC Migrant Education Project must submit a consortium proposal to Oregon Department of Education. ODE will approve a consortium arrangement if the proposal demonstrates that the arrangement will reduce administrative or program costs for LEA programs and make more funds available for direct services that add substantially to the welfare or educational attainment of children to be served under Title IC.

Consortium members must plan and implement a migrant education project using allocations from all participating LEA's. The consortium lead will act as fiscal agent for the member LEA's, ensure the project Continuous Improvement Plan and Identification & Recruitment plans are implemented and evaluated, monitor members for compliance, supply necessary data to OMSIS and submit reports to ODE and USDE, as necessary.

LEA's wishing to form a consortium Migrant Education Project must complete the attached request form and submit it to:

Leslie Casebeer
255 Capitol St. NE
Salem, Oregon 97310

Original signatures of superintendents of participating LEA's are required, emailed or faxed requests will not be approved.

Please direct questions to:

Oregon Title IC Migrant Education Project

Request to form, or join, a Title IC Migrant Education Consortium Project

District Name	Superintendent	Number of Migrant students

Consortium Lead:

District *contact person* *phone*

Describe how a consortium arrangement will reduce administrative or program costs for participating districts.

Describe how a consortium will add substantially to the welfare or educational attainment of migrant children.

We the undersigned agree that a consortium will substantially benefit migrant children in our area. We will submit a project plan detailing the services to be provided by the consortium. We will fulfill the legal requirements of forming a consortium for educational services before submitting the Project Plan.
