

Athlete Agent Reciprocal Eligibility Directory

In 2017 the State of Oregon adopted the Revised Uniform Athlete Agent Act ([ORS 702.005](#)). This revision allows athlete agents who have submitted an application for registration in another state (within the last 6 months) to file a copy of that application and certificate in lieu of the prescribed form issued by the state of Oregon. The registration requirements of the other state must be substantially similar or more comprehensive in order to qualify for reciprocal registration. We have reviewed the statute information for each state to determine who has adopted the Revised Uniform Athlete Agent Act, who has retained the original Uniform Athlete Agent Act, as well as states that are not considered substantially similar or do not require any registration. Please note, this document only includes states that are considered eligible, or potentially eligible upon further review. If you do not see a state listed, this means that they are NOT eligible for reciprocal registration with Oregon. If you have additional questions you may e-mail athlete@ode.state.or.us or call (503)947-5887. Thank you.
