

Validation Notes for August 26, 2021 version

At-A-Glance School and District Profiles

- 1) This is a preview of the At-A-Glance School and District Profiles. **Please do not duplicate or distribute.**
- 2) There are three report types available in English and Spanish: Elementary/Middle, High School, and School District.
- 3) The **Special Note** is a new text field on all three profile types filled by ODE.
- 4) **College Going** rates on the high school profiles use [previously published](#) rates for students that graduated in 2017-18 due to data availability. The source for this measure is the National Student Clearinghouse. The College Going description was updated to reflect the use of 2017-18 data.
- 5) **Regular Attenders** and **Assessment** data are not included on the At-A-Glance School and District Profiles. The student group disaggregations on the back page of the profiles are intentionally blank for these data. The webpages for where these data will be published instead are not currently available to school and district staff.
- 6) **Individual Student Progress** data are not available for the 2020-21 reporting year.
- 7) **Prior year comparison arrows** were removed for all dials on all three profile types.
- 8) **Homeless** students were added to the list of student group disaggregations.
- 9) Schools that offered **Free or Reduced Price Lunch** to all students under the USDA's expanded COVID-19 waiver appear as ">95".
- 10) Schools and districts need to submit the **School/District Goals, Safe & Welcoming Environment, and About Our School** sections through the At-A-Glance Narrative Collection in the Achievement Data Insight application. Please note that the At-A-Glance Narrative Collection closes on **September 17, 2021**.
